ATLANTIC ALLIES MEETING AT BONN COOL TOWARD RED DISARMAMENT PROPOSALS

BULLETIN

Bonn, Germany (AP)—NATO foreign ministers assembled here today for a three-day meeting which Secretary of State Dulles said "will seek to assure to our peoples the blessings of justice and peace." A special four-engine plane of the U. S. Air Force landed the secretary and Mrs. Dulles in brilliant sunshine after a direct flight from Washington. Dulles acknowledged applause from thousands of persons at the airport with a jaunty wave of his hat and then drove to the headquarters of West German Chancellor Konrad Adenauer. A dinner conference was expected to concern such matters as the U. S. program of equipping the Bonn Republic's emerging armed forces. Soviet Russia's latest disarmament proposals, announced last night, were certain to be a major topic at the talks opening in Bonn tomorrow on mutual political problems of the 15 NATO nations.

By HERB ALTSCHUL

Bonn, Germany (AP)—Foreign ministers of the 15 Atlantic Allies, assembling here today for a three-day meeting, were expected to recommend intensive negotiations on Russia's latest disarmament proposals.

Initial Western reaction was generally cool to the Soviet proposals, announced last night by Moscow radio.

Part of the Soviet plan provided for limited acceptance of President Eisenhower's two-year-old "open skies" scheme for disarmament inspectors to photograph American and Russian territory from the air as a check against preparations for war.

Moscow said Soviet Delegate Valerian A. Zorin told the U. N. Disarmament subcommittee in London his government was ready to open about 2 1/2 million square miles of its territory in Europe and eastern Siberia to aerial inspection if the United States would open the same amount of territory in Alaska and the western United States.

Zorin coupled this with proposals for an immediate suspension of nuclear weapon tests and Russian-American-British renunciation of the use of nuclear weapons.

He also repeated previous proposals to reduce armed forces of the United States, the Soviet Union and Red China to 2 1/2 million men each and of Britain and France to 750,000 each as a prelude to further cuts.

U. S. sources in Europe and Washington had no immediate comment on the Soviet move.

British officials in London called the Russian plan "unacceptable in its present form." France's delegate to the arms talks, Jules Moch, said it "leaves much to be desired." He complained it "opens the ice and wasteland of Siberia in return for opening up a huge part of the industrial area of the United States to inspection."

State police Lt. Russell Knies and Sgt. Lester Jackson said Mrs. Ruby Werner Costello had left her home and was in Maryland.

Mrs. Costello was subpoenaed to appear before the committee when it was learned she had claimed giving \$50 to Board Secretary Frank Hean, in an alleged attempt to influence a commutation decision for her husband.

Chairman Rep. Edwin W. Tompkins (R-Cameron) called an executive meeting of the committee to decide what action, if any, now would be taken.

Hean said Mrs. Costello had given him \$25 for outside legal fees and denied that the money was given to influence the board in its decision on an application for commutation of the maximum sentence of her husband, James Costello, also known as Esposito. He was sentenced in 1934 to 10-20 years for armed robbery. This would have taken him from parole supervision.

Pittsburgh (AP)—Last Monday the Pennsylvania Railroad's Beaver Valley commuter trains were late. Today each passenger was handed a note of apology, explaining that the delay was caused by failure of a diesel engine. It's all in the interest of better public relations.

Penn State Blue Band Arrives For Concert in Beaty Tonight

Area residents who enjoy fine band music, and want to combine that pleasure with a financial assist to a worthwhile local project, are urged to be on hand this evening when the Penn State Blue Band plays its eight o'clock concert in Beaty Junior High School auditorium.

An added incentive for attendance of local patrons will be appearance in the band of two former Warren High Dragon bandmen, Lewis Garber, son of Mr. and Mrs. Lewis Garber, and Raymond A. Schulz, son of Mr. and Mrs. R. A. Schulz.

This musical organization from Pennsylvania State University has long had an enviable reputation throughout the Commonwealth

and its appearance here is one of the several benefit projects arranged for the PTA Scholarship Fund.

Responsible for bringing the group is the scholarship committee of Community PTA Council, funds providing scholarships for needy high school seniors who wish to make teaching their profession.

Money available at present will enable the committee to provide one scholarship, in the minimum amount of \$250, but it is hoped through tonight's concert to either provide four more scholarships or raise the amount given for each.

Tickets have been priced at \$1, a very reasonable sum for hearing this renowned band, and may be had at the Style Shop, B and B Smoke Shop, or at the door.

June 12th Is Fixed as Date For Court To Hear Testimony On Appeal of Commissioners

Judge Alexander C. Flick Jr. has set June 12th as the date upon which to hear testimony in the controversial appeal filed by county commissioners against the report of county auditors for fiscal year 1956.

On that date County Solicitor Richard Leuthold will give reasons why the commissioners feel the appeal should be upheld. It is understood county auditors have also retained counsel to give their side of the picture.

At the present time the matter is solely between county commissioners and county auditors. The commissioners, in their appeal of the 1956 audit, took specific exception to nine items of last year's auditors' report and general exception to "every item set forth."

While now restricted to auditors and commissioners, the legal battle could spill over into all court house offices if Judge Flick rules in favor of the appeal.

The law states that the auditors report should be filed in all detail. In 1952, then auditor L. E. Russell consolidated several items "in the interest of economy." Commissioners have charged in their appeal to the audit this year that nine items are not properly "stated and itemized."

Court house officials were surprised at the action, obviously aimed at them but were unanimous in one statement which said in effect: "Our books are here. We have nothing to hide."

Prothonotary Ralph E. Sires submitted a report that gross operating income of his office last year was \$18,552.46 and auditors using his books relayed this figure. Commissioners want this amount itemized, plus another itemization of \$3,439.18 listed as prothonotary's operating expense.

Said Sires: "We give a receipt or voucher for every amount taken in and paid out. Judge Flick has signed my financial report for 1956. The record is here."

Commissioners also took exception to \$10,500.01 which they said was paid District Attorney Meyer Kornreich for salary and expense and \$1,175 paid DA Stenographers DeStefano and Colvin, the two items combined totaling \$11,675.01.

Said Kornreich: "I am no party to it (meaning the appeal). About once every three months I go into the commissioners' office and they give me money for expenses. I can't spend anything without their prior consent."

(Apparently in this exception the commissioners want itemized the DA's expense money. Not known to many persons is the fact that the district attorney must depend on the sheriff and his deputies to carry out his investigations for him and that the DA gets his expense money from the county commissioners to pay the law enforcement officers for their work on an hourly basis. Fee paid: About \$1 an hour.)

Said Kornreich: "I've got to have money to carry out the county enforcement of law and preservation of order. Formerly the money was distributed after the need arose but I now receive it in advance which is a more convenient arrangement worked out between the commissioners and district attorney's office."

Commissioners also took exception to a miscellaneous account of \$1,038.91 paid the sheriff's office. Said Sheriff Larry Linder: "I can't even buy a postage stamp without first getting approval of the commissioners."

Commissioners also wanted to know why the auditors failed to list fees collected by past register and recorders Don Schuler, Eleanor Fogle Smith and Harriet Ostergard (widow of P.C.).

Commissioners claimed in Exception No. 7 that Register and Recorder Gurney Ball's office gross operating income of \$36,513.67 had not been properly itemized. Exception No. 8 in the auditors' report appeal said the register's operating income of \$17,202.35 during 1956 had not been properly itemized.

Said Ball: "The books are here. We have all our records, receipts and vouchers." (The register's office employs four girls as part of operating expenses.)

Important Change Announced by the Darling Company

S. A. Meyer, chairman of the board of the Darling Jewelry Co., Inc., announced today the voluntary retirement of G. B. Darling, President of the Darling Jewelry Organization. At the same time, he announced the elevation of general manager, William E. Kidd, above, to vice president. Mr. Kidd will be in charge of the entire operation of the Darling Jewelry Co. group of stores. Dr. Darling will remain as president of Darling Land Co.

Mr. Darling has been with the organization since the early 30's, when the present group was started, with one store in Jamestown, New York. It has now grown to the stage where it is one of the 10 foremost jewelry operations in the United States—a group of stores that spread from West Virginia, through Maryland, Pennsylvania, Ohio, and New York State.

Mr. Kidd will supervise the entire 15 Store operation. At a dinner meeting in Hotel Jamestown, Gerald Kehrl, manager of Darling Jewelry & Furniture Store, 334 Pennsylvania avenue, Warren, was given his 14-year award, and Joseph Scalise, assistant manager, was given his 10-year award.

No personnel changes are contemplated, the new management announced.

Derby Favorite in Saturday Running Has Injured Foot

By ORLO ROBERTSON

Louisville, Ky. (AP)—Calumet Farm's Gen. Duke, favorite for Saturday's running of the \$125,000-added Kentucky Derby today, turned up with an injured left front foot, but trainer Jimmy Jones said the colt's chances of starting were 50-50 after hearing the report of the X-ray examination.

An X-ray was taken of the foot when Gen. Duke started favoring it hours after finishing second to Federal Hill yesterday.

Overnight medication failed to help and this morning, Dr. Alex Harthill was called in.

Jones said that since the X-ray indicates nothing more serious than either a bruise or a slight separation, "our job is to relieve the soreness within the next four days."

Jones said Gen. Duke first showed signs of soreness after winning the Florida Derby at Gulfstream. It came again about a week ago at Keeneland. The colt apparently came out of yesterday's run okay, but began favoring the foot several hours later.

CAPITAL NOT WORRIED BY KING'S STAND

By JOHN M. HIGHTOWER

Washington (AP)—State Department officials professed today to be unworried by King Hussein's rebuff to President Eisenhower's Middle East program.

Hussein has accepted an American offer of 10 million dollars to help him strengthen his country's economy and finances and presumably payroll for his army.

But he told a news conference at Amman yesterday that ordan is not interested in the Eisenhower Doctrine. He said he had declined visit from Eisenhower's special ambassador in the Middle East, James F. Richards.

Officials here said acceptance of the program was not particularly important because Hussein is in fact working along the same lines.

U. S. policy laid down in a resolution by Congress in March is aimed at opposing the spread of Communist influence in the Middle East and promoting stability there.

Officials said Hussein has cut out Communist propaganda in his country as much as possible, has put down Communists in jail and has refused to establish diplomatic relations with the Soviet.

The King's inability to accept the Eisenhower program is attributed here to the temper of public opinion in Jordan, which is highly nationalistic and strongly opposed to any act which would appear to link Jordan too closely with the United States.

Tobacco Research Group Reports on Lung Study

New York, (AP)—The Scientific Advisory Board of the Tobacco Industry Research Committee says there is not enough evidence to claim that cigarettes cause lung cancer.

Dr. Clarence C. Little, board chairman, issued a statement yesterday in reply to a report released March 22 by a smoking and health study group organized by the American Cancer Society and other agencies.

Storms Appear To Be Diminishing In The Panhandle Area

Rains in the storm and flood stricken areas of Texas appeared diminishing a little today and some easing of overflows of many major streams was indicated.

The floods, however, were described by a federal civil defense chief as "a disaster of great proportions."

The flooded upper Sabine River reached its greatest height in history and overflowed at Gladewater in the east Texas oil fields. Some 60 oil wells halted pumping.

The Sabine at Gladewater at 39.95 feet was nearly 14 feet above flood stage.

Flood threats appeared easing on the Colorado, Nueces, Guadalupe, Trinity and Brazos rivers as rains abated after two weeks of nearly steady downpours. Thirteen persons have drowned in the Texas floods and hundreds of persons have been evacuated from their homes.

Showers were fairly widespread during the night but rainfall was light in most places.

Generally fair weather prevailed in the Northeast part of the country and in most of the far Southwest.

Pittsburgh Asks P. U. C. To End Rate Hike Hearing

Pittsburgh (AP)—The City of Pittsburgh today asked the Public Utility Commission to discontinue a hearing on Manufacturers Light & Heat Co.'s request for a rate increase estimated to up annual revenue \$6,473,720.

City Solicitor J. Frank McKenna said Pittsburgh law requires a utility firm to use "a test year on which to make its application for a new rate schedule."

The test year, according to McKenna, would not expire until May 31. He said it is illegal to hold the hearing now.

Yesterday the PUC ordered the utility company to refund to customers \$500,000 that was collected as the result of a rate increase put into effect in January, 1956.

Communists Hold Center Of The Stage In Most May Day Celebrations Round World

By The Associated Press

The Communists held the center of the stage today in most May Day celebrations around the world. There were the usual parades, rallies and a rash of anti-Western speeches to mark labor's day outside the United States.

Red orators in Europe and Asia denounced Western "imperialism" and boasted of Communist efforts to attain world peace.

The Kremlin again paraded some of its military might through Moscow's Red Square while jet fighters and bombers streaked overhead.

First reports made no mention of any new planes or weapons on view.

Satellite Czechoslovakia's Communist party secretary, Antonin Novotny, assailed "imperialists desiring to increase international tension."

In Budapest, Red Premier János Kadar will make his first major public speech since Soviet tanks crushed satellite Hungary's bid for freedom last fall.

President Tito keynoted the Yugoslav celebrations with an announcement that the forthcoming meeting of his Communist party would pave the way for "abandonment of certain old concepts and methods of the world."

Half a million chanting Chinese paraded in Peiping before Red China's boss Mao Tse-Tung. Soviet President Klementi Y. Voroshilov and other foreign Red leaders were in the reviewing stand.

In front of the Gate of Heavenly Peace, Premier Chou En-lai set a peace and industry theme in his speech, terming foreign friendships essential so "that China can build itself into an industrialized country."

In Tokyo, about 500,000 Japanese milled about Meiji Plaza while Communist and leftist leaders delivered speeches against the H-bomb and U. S. militarism.

The Argentine provisional government braced for trouble in Buenos Aires as word went out that the Communists planned to infiltrate a May Day labor rally.

In Mexico, where May Day is a legal holiday, shops and business houses closed. People flocked to Mexico City to watch an estimated half million workers parade.

Republican Leaders Reported Urging Ike To Take His Plea For Budget Program to People

Washington (AP)—Republican congressional leaders advised President Eisenhower today to go to the people with an appeal for his budget and his foreign aid program.

Senate GOP Leader Knowland of California told reporters there was a general discussion, at the weekly White House session of key party lawmakers, of a presidential radio-television address to the nation.

He said it was the view of the congressional leaders generally that the president "should talk to the people."

"I think," Knowland said, "it would be very helpful on this issue and on other issues as they come along."

Nothing was worked out, he said, in the way of a possible time for Eisenhower to address the country.

Both the \$4,400,000,000 foreign aid program and the \$71,800,000,000 budget as a whole have been targets of a congressional economy drive.

House Republican Leader Martin of Massachusetts has taken a similar stand.

Knowland left the impression that in spite of his own stand on the budget matter he still favors taking the administration case to the people.

In addition to parting company with the administration on spending plans, Knowland has differed with Eisenhower on such questions as giving money to states and communities to help meet the schoolroom shortage.

But Knowland said the question of his stepping out as minority leader because of such differences didn't arise in today's huddle with Eisenhower.

The leaders said there was no discussion of a possible tax cut today and no talk of any additional proposals for budget trimming on the part of the administration.

Area Students Are Winners in Private Scholarship Plan

Evanston, Ill. (AP)—The names of 830 winners in the largest private scholarship program in the nation's history were announced today.

This year's scholarships represent a total investment of more than four million dollars by the National Merit Scholarship Corp. and 58 business and industrial corporations, foundations, professional associations and other groups.

More than 162,000 students, some 10 per cent of the country's entire high school senior enrollment, entered this year's competition as nominees of 12,500 high schools. The winners survived two college aptitude tests and displayed high personal achievement.

The winners received funds needed to see them through four years of a college of their choice.

The program was set up initially by grants from the Ford Foundation and Carnegie Corp. Industry has joined in the project with contributions.

Pennsylvania winners included Justin H. Kimball, Bradford, and Lynne R. Elwinger, Oil City.

OPPOSITION TO BILL VOICED BY GOVERNOR

BULLETIN

Harrisburg (AP)—Two influential Republican leaders today predicted defeat in the House of a bill calling for a statewide referendum Nov. 5 on the question of legalizing horse race betting in Pennsylvania. "If I have anything to do with it, it will stay in committee," commented Rep. Allen M. Gibson (R-Warren), assistant Republican leader.

Along the same lines, Rep. Adam T. Bower (R-Northern Berland) told reporters: "It's an also ran as far as I'm concerned. I'm against it." Both Gibson and Bower are members of the powerful House Rules Committee.

Harrisburg (AP)—Prospects in the House were uncertain today for a Senate-approved plan to hold a statewide referendum next Nov. 5 on legalizing betting at horse race tracks in Pennsylvania.

Public Invited to The State Hospital Open House May 4

With Mental Health Week being observed throughout the nation from April 23 to May 4, preparations at Warren State Hospital are directed toward the week's climax, Saturday, May 4, which is Open House Day.

Dr. Robert H. Israel, superintendent, has expressed a hope that many who have in the past been kept away from Open House Day when it fell on a week-day, will be able to make a tour of the Hospital this Saturday when the semi-annual visitation comes at the end of a week.

Tours of the Hospital, guided by nurses, attendants, and psychiatric technicians, will start at 1 o'clock with the final tour due to start at 4 o'clock. Visitors who wish to see other wards or buildings not included in the schedule will be free to do so.

Warren State Hospital serves the needs of the 13 Northwestern Pennsylvania counties of Cameron, Clarion, Clearfield, Crawford, Elk, Erie, Forest, Jefferson, Mercer, McKean, Potter, Venango and Warren.

Weekly Tests of C.D. Sirens on Saturday

Regular weekly tests of Civil Defense Warning sirens in Warren will begin at 1 p. m. this Saturday, according to David Levine, borough CD director. The smaller siren at the corner of Eddy street and Pennsylvania avenue on the West Side will definitely be tested, Levine said, and perhaps the "Thunderbolt" atop Warren Bank and Trust building if wiring is completed. The regular warning time was changed from noon to 1 p. m. Saturday to avoid interruptions in uptown offices, Levine stated.

COKE MILL BLAST

Pittsburgh (AP)—Eight workmen remained hospitalized today, two in reportedly critical condition, as the aftermath of a tremendous explosion at the coking mill of U. S. Steel Corp.'s plant in nearby Clairton. Leo Scott, 37, a crane operator of nearby Bethel Borough, was killed in the blast yesterday. At least 23 persons were injured.

Committee Maps Plans For 'Spot' Fund Raising Campaign

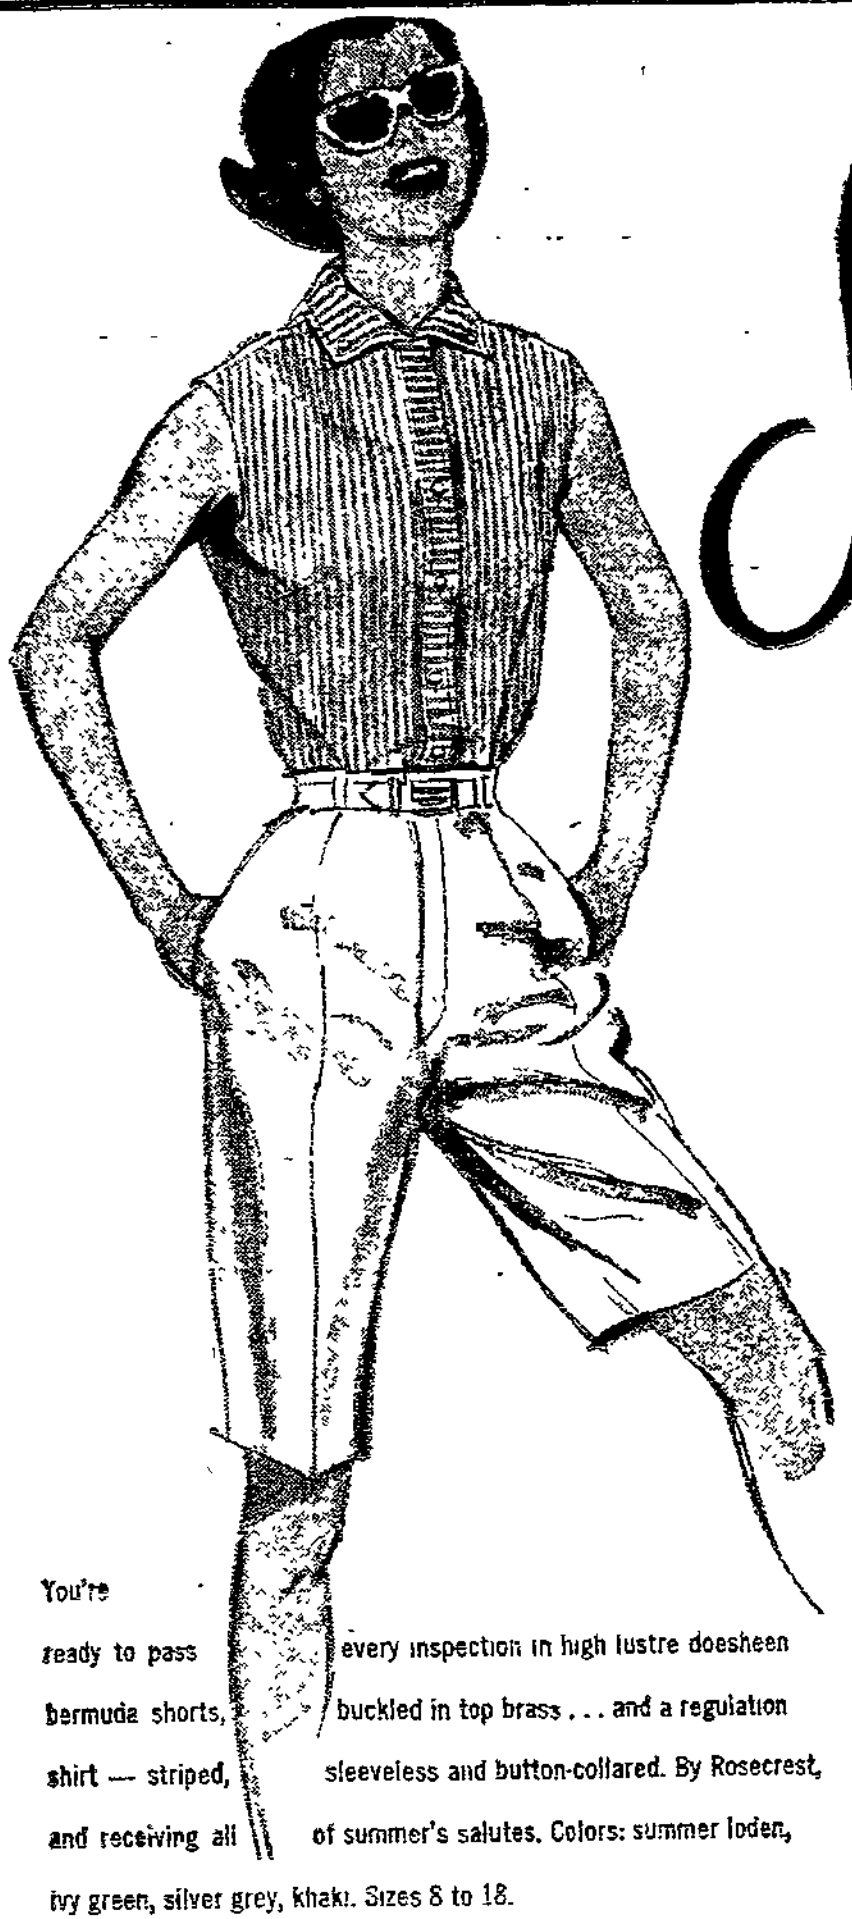

The Fund Raising Committee of the "Spot" Adult Steering Committee met last night at the home of Bill Lundahl to present and discuss plans for the forthcoming "Spot" Fund Raising Campaign.

Chairman Lundahl announced to the committee that a team of local architects, Larry Byer and Dick McCarthy, felt that an expenditure of \$10,000.00 would be necessary to refurbish and remodel the Spot.

Mr. Lundahl reminded the group that this expenditure would provide the youth of Warren with a down-town entertainment center that they can use, maintain, and take pride in for many years to come.

Tribute was paid last night to the handful of people who conceived the idea for a "Youth Canteen" and persevered through the last 12 years nursing this idea through its low periods to its present state today in the Y.M.C.A. building.

It was pointed out to the group

Allied Stores Sales Corp. Hits a High Record During 1956

Sales of Allied Stores Corporation hit a record high for the fiscal year ended January 31, 1957. Net sales were \$615,772,758, against \$581,900,823, in the previous year, representing an increase of 5.8%. Net income was \$14,262,557, equal to \$3.05, a common share, compared to \$13,972,103, or \$3.09 a share in the year ended January 31, 1956. While net income increased \$290,454, earnings per share decreased slightly, due to a greater average number of shares outstanding during 1956.

1956 marked one of the biggest expansion years in Allied's history. Six complete department stores were opened between February and October. These six new units have a combined floor area of 1,130,000 square feet and are located in Miami, Sarasota, and Shopping Centers in Houston; Cincinnati; Minneapolis; and, Hicksville, Long Island. Mr. B. Earl Puckett, Chairman of the Board of Allied Stores, stated that all the new openings have had gratifying acceptance in their communities and each showed an operating profit for the period. The six new stores raise the total number of Allied units to 84 of which Metzger-Wright's is the local affiliate in Warren.

Merchandise inventories were \$94,743,644, at the close of the year, an increase of \$6,550,323, over the prior year. This entire increase, Mr. Puckett said, is accounted for by the six new stores. The net working capital at the year end was \$148,778,678. The ratio of current assets to current liabilities was 3 to 1 the same as at the close of the previous year.

Equity per share of common stock, increased from \$54.770 at the beginning of the year to \$56.72 at its close.

Mr. Puckett concluded that with the current level of consumer time that the outlook for business activity in 1957 is good.

Warren, Pa., April 29
Editor Times-Mirror:

I wish to say this about the Kinzua Dam which has been proposed to be built. It seems to me that the people in the flood area are taking too much for granted. As I understand it at a meeting held here in Warren the dam was practically promised to be built and I suppose a lot of people affected by the high water are basing their assumption on that promise. Since that time a lot of complications have arisen.

To the people of Warren, Oil City, Franklin, Pittsburgh and other towns affected I think the people should get together and push this project to the limit. It was stated over the radio this morning that if the people who favor the dam did not write to the House Appropriations Committee in Washington, D. C. or get in touch with them through proper channels the million dollars that our President recommended would not be appropriated to start the dam. If the people in the stricken areas want flood protection they had better start some action on same.

I know that all the stricken people want to be protected and I hope someone with enough influence will get behind this project and push it to the limit. Let's all get out and work for it as we know we will not get anything if we do not go after it.

Appreciation From Director of YMCA Boys' Department

The following appreciation has been received from Jeff Riedel, Boys' Department, at the Y.M.C.A., for assistance received in helping to make the Older Boys' Conference in Warren last weekend an unqualified success:

After planning for a year and intensive work for over three months, the conference has just slipped up on us, overtaken us,

and somehow, is now a matter of past history. It all happened so fast! It doesn't seem possible. Over 110 happy boys came, were quartered, fed, entertained, lectured, advised, and sent home again. It was a worthwhile, rewarding, experience for all of them, and there wasn't a single youth that didn't grow a bit in this highly concentrated time-period.

All of this did not come about by accident or happenstance. It evolved only after much hard, diligent, work, and the co-operation and support of well over 100 interested people. The people of Warren should be proud, for it is they who made this conference possible and turned possibility into a very successful reality. It is they, many of whom worked behind the scenes and were not even heard of, to whom this letter is written. It is they who provided the warm friendly welcome and warm hospitality, not only in their homes, but also in the streets and shops of Warren. It is they who have contributed to the growth of our youth and made adulthood a little more real and a little less formidable. This conference was designed not for recreation and entertainment, but for the purpose of easing today's youth into an awareness of tomorrow's responsibilities and providing a sort of pre-adjustment to the rough aspects of what is expected of mature adults. It is you, the people of Warren, who have made this possible, and whereas we cannot thank each of you personally and individually, this does not diminish our gratitude and appreciation. We have just provided the "vehicle" for the conference. It is YOU who provided the "fuel" to see it through to the assured success it was.

For the YMCA, the leaders, and the boys of the Older Boy Conference,

Jeff Riedel,
Boys' Director

WHO'S FOR KINZUA DAM?

Every time Congressman Leon H. Gavin, of Oil City, visits in Warren, he renews an urgent appeal begging supporters of the Kinzua Reservoir project to make their opinions known. Now comes the Pittsburgh Post-Gazette with this reminder to proponents of the dam:

The House Appropriations Committee in Washington is said to have received many letters from opponents of the proposed flood control dam on the Allegheny river near Kinzua, Pa., but few from its supporters. Unless supporters get on the ball and write in support of this important project, an appropriation of \$1 million with which to start it may be cut from the Federal budget.

We don't know who's been writing letters against the dam. The Committee should be reminded, however, of who's for it. That includes the Pittsburgh Chamber of Commerce, the Allegheny Conference on Community Development, the Pittsburgh Coal Exchange, the Ohio Valley Improvement Association, Governor Leader, Dr. Maurice Goddard, State Secretary of Forests and Waters; the National Rivers and Harbors Congress, the American Waterways Operators, Senators Clark and Martin, and several Western Pennsylvanian congressmen.

Citizens who agree with that impressive list of organizations and individuals should make their views known to Rep. Clarence Cannon, chairman of the Appropriations Committee, House of Representatives, Washington 25, D. C.

Says the Franklin News-Herald: No one is trying to cheat the Indians; they'll receive full compensation for any land used for the Kinzua dam. The purpose of the dam is to prevent flood disasters and save lives and property. Incidentally, the area will be much richer in recreational advantages than many ever dreamed.

Washington Letter

BY PETER EDSON, NEA Washington Correspondent

WASHINGTON (NEA)—Five current U.S. military developments are now said to offset any bad effects which the new outbreak of British armed forces might have on free world defenses.

Both President Eisenhower and Defense Secretary Charles E. Wilson have declared publicly that the new British military policy will not change U.S. national or global defense planning.

Wilson declared that U.S. defense programs are independent of what other nations do. Other countries don't make U.S. defense policies and vice versa.

THESE STATEMENTS may have been intended to reassure the American people that things are not as bad as they seem. But they still do not give the reasoning behind the argument. And without violating any military secrets, it is possible to give considerable background information on this subject.

The contention is that even if the British do reduce their armed forces, the United States will not have to increase its own armed forces correspondingly, to cover every loophole.

The basic assumption here is that a nuclear stalemate is now being created. World War III becomes increasingly unlikely if both sides realize it would be what President Eisenhower calls "suicide."

THIS SITUATION, however, may let aggressors feel they would be safe in starting smaller wars—say in the Middle East. But the United States is now held to be in a good position to deter smaller wars, because of these five military developments:

1. Smaller Atomic Weapons. President Eisenhower said in a press conference that, "... we do regard these smaller (atomic) weapons as an almost routine part of our equipment nowadays, and we would almost have to use them, the way our forces are organized now."

This does not mean that megaton A-bombs or H-bombs would have to be used. It means explosives like the atomic artillery shells. Their use presents no great problem in logistics. Their availability in wars like the Korean action might have changed that result appreciably.

2. The Army Pentomic Division. This new, smaller division with better communications and greater firepower is considered particularly effective for small wars. The British are now studying a similar organization for their forces.

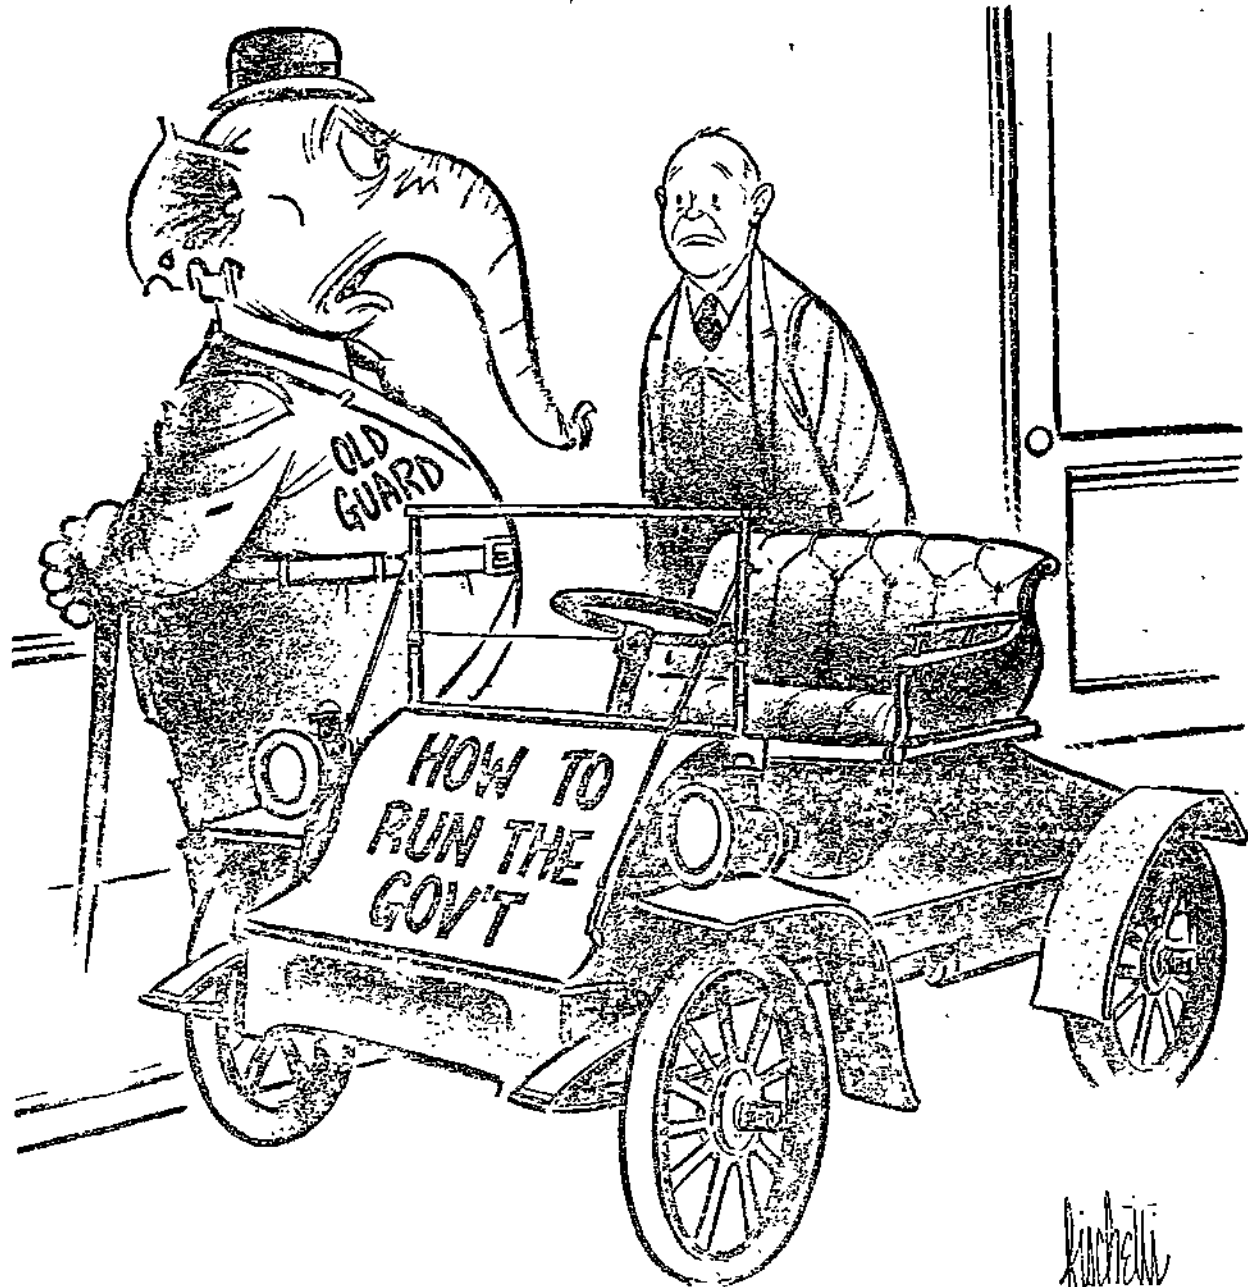

3. ARMY MISSILE COMMANDS. The first of these units, a self-contained command with exceedingly high firepower in both atomic and conventional weapons of medium range, is now assigned to the Southern European Task Force in Italy. It is said to be working well. Heavy missile commands will be organized later. They have been delayed because it has not yet been determined which heavy missiles will be tested out and adopted for use.

4. Anti-Aircraft Missiles. The original Nike Ajax missile, now installed for defense of major American cities and other strategic areas, has insufficient range. Anti-aircraft units are to be re-equipped with the Nike Hercules, which can knock down whole formations of enemy bombers at long range.

5. Intermediate Range Ballistic Missiles. Both Army and Air Force are developing these weapons for ranges up to 1,500 miles. When ready, as President Eisenhower has revealed, these weapons will be supplied to the British and NATO.

But until these IRBM are operating perfectly, there is no possibility that the United States, the British or anyone else can safely cut back on bomber commands

Here and There

Al Capp, creator of one of the Times-Mirror's most popular comic strips "Li'l Abner," explains its popularity this way: "Li'l Abner never knows what to do about a succession of eager, luscious girls who throw their juncy selves at him. That makes every male who reads Li'l Abner feel fine. No matter how fumbling or stupid he has been, compared with Li'l Abner he is Don Juan."

Sixty years ago the emphasis was on campaigns to curb speeding and adopt laws to protect bicycle riders—and not automobile drivers. This is indicated in the following from the Warren Evening Mirror printed back in April, 1897:

"Bicycle reform is gradually spreading. This is especially true of the agitation having in view the passage of bills compelling the railroads to carry bicycles as baggage. Such bills are now in force in the Empire State, Rhode Island, South Carolina, Arizona, California and Ohio, and the prospect is bright for the passage of similar acts in New Jersey, Michigan and several other states. The bill recently passed by the legislators of New Jersey now only needs the

signature of the Governor to make it a law.

"This is the season for beginners in cycling and here are some good suggestions from an instructor who is regarded as one of the best in the metropolis. 1. Grasp the handlebars lightly and do not stiffen the muscles of the arms or shoulders. 2. Turn the wheel gently in the direction in which you feel you are falling; never jerk it. 3. Do not be afraid to bear down on the pedals; the faster you go the more easily you will find it to control your wheel. 4. Always look ahead, or rather toward the point to which you wish to go; if you look down you are almost sure to get 'rattled' and if you fix a terror-stricken gaze on any object you wish to avoid you are almost sure to run it down.

"Some strong arguments why cyclists should not be taxed have been advanced from time to time as the subject has been agitated. Speaking on the matter recently a prominent Chicago wheelman gave these reasons why cyclists should not be subjected to a special tax because they happen to own wheels: 1. The cyclist does not wear out the roads or leave offensive tracks as does the horse

traffic, create blocks, or impede traffic in any manner whatever. 2. A cycle, though frequently a luxury, is often a necessity to the workman and the business man as well. The cyclist, although the careless person often casts his body before his wheel, always suffers with his victim in person, machine and sometimes purse. 4. Cycling is pursued by rich and poor alike and a uniform tax on machines would press harshly on the poor rider. 5. A tax upon an instrument of locomotion not used solely for local purposes, would be costly to enforce, and unless fixed at an oppressively high rate, the expense of arranging its incidence and collection would seriously diminish the receipts. 6. The imposition of a tax on a pastime and the enforcement of the law by prosecutions and penalties are unpopular in a sport-loving country. 7. Many persons keep a cycle for occasional use, and to tax these equally with the constant riders would not be equitable. 8. A tax would invariably impose a check upon the pursuit of a healthy and beneficial pastime."

The following review of the maple sugar season in nearby Chautauque county was carried in the Post-Journal: Western New York was the only maple products producing area in New York State to report a poorer season than last year, according to Roger W. Cramer, county agricultural agent. By contrast, he said, central New York reported a better than average season, while a good yield was reported in northern New York. In Chautauque County, Mr. Cramer noted, production apparently was spotty with weather conditions such that late bushes seemed to have the advantage over early ones. Also, he said, there was considerable difference in production based on location, as compared to last year. Product quality was viewed as good with prices for the better syrup up slightly from last year. Most syrup produced in the county, the agent explained, is sold locally. It is too early yet, Mr. Cramer said, to compile any overall appraisal of the spring planting situation in the county to date since so little work yet has been done. He estimated that less than five per cent of the county's oat crop yet has been planted but said that during recent good weather much plowing was done in preparation for planting. Recent heavy rains, however, the agricultural observer explained, have set back planting plans from a short time to as much as three weeks depending largely on prevailing soils. Most oats sown to date, Mr. Cramer noted, have been in gravelly soil. New seedlings, generally, he said, came through the winter looking "pretty good," and recent warm weather has caused pasture grass to spurt. As a result, pastures look good although Mr. Cramer felt that very few of the county's dairymen have turned their stock out to pasture.

Bible Words for Today

1 PETER 3:10 — "For he that will love life and see good days, let him refrain his tongue from evil, and his lips that they speak no guile." (King James Version)

The Apostle Peter is here giving us the secret to loving life, and how to have good days. Many endure life, many are bored with life, while others are just existing from day to day.

Peter says the refraining of the tongue from evil, which literally means stopping the tendency of the tongue to speak evil of others, will so improve our relationship with others that love will return into our relationship with life. Further, the things which spoil our days, which usually can be attributed to maladjustments with others, will be corrected and our days will be known as "good days."

This is Christianity working where tragically too few allow it to work.

The Christ who can cleanse and conquer our hearts is equally able to do the same for this ruiner of life and spoiler of days, a tongue unrestrained from speaking evil about and to others.

Many Reports Heard At Russell Auxiliary Meet

Russell—Mrs. Paul Lindell, resident, conducted the regular meeting of Russell Volunteer Fire Department Auxiliary, held in the fire hall with 25 members in attendance.

Reports included the rummage and bake sale to be held last weekend; a banquet for the bowling team May 6, with Mrs. Charles Miller as chairman; also a smorgasbord to be served from 5:00 to 8:00 p. m. Saturday, May 11, in the fire hall, Mrs. Mary Schreengost serving as chairman. Mrs. John Stanton and Mrs. William Martin volunteered to clean the kitchen for the May meeting.

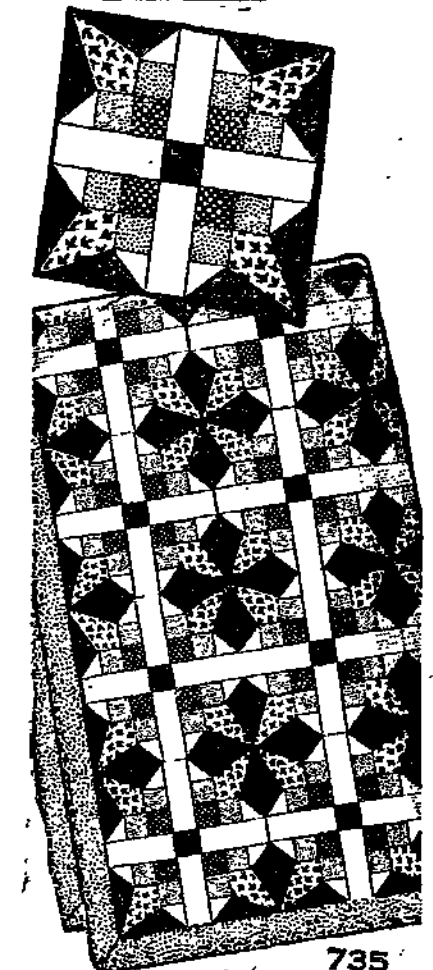

For the program, Mrs. Elmer Roberts, chairman of the entertainment committee, introduced David Rowley, who, with Mrs. Roberts, had interviewed 18 persons in the Russell area and made recordings. These were played and Mrs. John Stanton recognized the most "mystery voices".

Included among those interviewed was the firemen's treasurer, Charles Fox, who gave an interesting financial report on the new fire truck; also Francis Lewis, whose ambulance report proved both interesting and informative.

To conclude, lunch was served by Mrs. Harold Hovis, Mrs. Harold Holcomb, Mrs. Floyd Burkholder, Mrs. William Martin and Mrs. Edna Safford.

Serving as the committee for the May meeting will be Mrs. Schreengost, Mrs. Kate Van Orsdale, Mrs. Roy Martin and Mrs. Paul Wade.

Blue Cross offers new expanded benefit program

more full days of hospital care . . . additional services provided

- Including hospitalization for:**
- Diagnostic services when patient's condition or nature of procedure requires admission as a bed patient
 - Outpatient minor surgery
 - Physical rehabilitation
 - Mental and nervous disorders
- PLUS . . .**
- Immediate membership for new-born infants
 - Shorter waiting period for maternity benefits
 - Maternity care for Non-Group Members

Now, with the biggest change in benefits since its introduction in 1938, Blue Cross in Western Pennsylvania offers its most liberal and flexible community-wide program for protection against the cost of hospital care.

The new Blue Cross Program was developed in co-operation with Member Hospitals and has been approved by the Pennsylvania State Insurance Department. It is designed to meet the needs of patients and to keep pace with advances in modern hospital care.

The new program in no way affects the existing "21-90 Day" Contracts or any other Blue Cross Agreement now in effect. But it is available to present and future Blue Cross Members who qualify and desire the greater protection.

Types of coverage available in semi-private accommodations in Blue Cross Member Hospitals

30 to 70 Full-Benefit Days

For Groups that qualify as "Regular Groups." In general, these are employer-sponsored groups of five or more employees.

21 to 33 Full-Benefit Days

For Groups that qualify as "Associated Groups"* and for "Non-Group" Subscribers.*

Under these Agreements, the number of full-benefit days for an Applicant and his enrolled dependents is determined by his years of continuous membership in this or any other Blue Cross Plan. The number of full-benefit days grows with each year of membership as follows:

YEARS OF MEMBERSHIP	NUMBER OF DAYS
During first year	30
During second year	40
During third year	50
During fourth year	60
During and after fifth year	70

YEARS OF MEMBERSHIP	NUMBER OF DAYS
During first year	21
During second year	24
During third year	27
During fourth year	30
During and after fifth year	33

Subscribers under the 30-70 Day Agreement will be entitled to their total allowance of full-benefit days for each hospitalization if at least 90 days have elapsed between the discharge from the hospital and the next admission. This means that it would be possible for a subscriber entitled to 70 days coverage to obtain 185 days of hospital care in a 12-month period.

Subscribers under the 21-33 Day Agreement will be entitled to their total allowance of full-benefit days for each hospital stay if at least 90 days have elapsed between discharge from the hospital and the next admission. This means that it would be possible for a subscriber entitled to 33 days coverage to obtain 99 full-benefit days in a 12-month period.

NOTE: Under this Agreement, subscribers at age 65 and over who are no longer active employees, and each of their enrolled dependents, are eligible for a maximum of 21 full-benefit days of hospital care during each year of coverage.

NOTE: Under this Agreement, subscribers at age 65 and over, and each of their enrolled dependents, are eligible for a maximum of 21 full-benefit days of hospital care during each year of coverage.

**An Associated Group is one that does not meet the "Regular Group" requirements, and may include people enrolled through trade, business or professional associations. Non-Group Subscribers are those who have no opportunity to join through a Group.*

Here are the details of the new hospital care benefits provided under the new program

Maternity Care for Non-Group Subscribers. Now, for the first time, maternity benefits are available to Non-Group Members. Maternity benefits will be available after the Family Rate has been in effect for 12 consecutive months. The Non-Group Subscriber pays \$5.00 per day to the hospital toward the cost of a maternity admission.

(Maternity benefits are available to Regular Group or Associated Group Subscribers after the Family Rate has been in effect for nine consecutive months.)

New-Born Infant Membership. New-born infants receive immediate coverage and become members of Blue Cross at birth under the terms of the Family Agreement.

Physical Rehabilitation. During inpatient hospitalization in which the principal services are for physical rehabilitation of the subscriber, coverage up to 30 days is provided for an impairment due to the same or related illness or injury during total membership in the Association. This benefit does not apply to conditions that existed on or before the effective date of the Agreement.

Diagnostic Services. Inpatient hospitalization for diagnostic study or medical observation will be covered when the condition of the patient or the procedure used requires the patient's admission as a bed patient.

Mental and Nervous Disorders, Alcoholism and Drug Addiction. During any period of 12 consecutive months, benefits for these conditions are provided for an aggregate of 30 days for Regular Group Members, and for an aggregate of 21 days for Associated Group and Non-Group Members.

Outpatient Surgery. Full Blue Cross benefits are provided for subscribers receiving necessary surgical treatment in the hospital's outpatient department.

Plus these other hospital services as regularly provided by the Member Hospital

Accommodations: You pay nothing for your hospital room in a Member Hospital when you occupy a semi-private room. If you occupy private accommodations, a generous allowance is made toward the hospital's room charge.

Hospital Services without charge: Your Blue Cross Membership covers: Meals • General Nursing Care • Approved Drugs and Medicines • Anesthesia • Use of Operating Room, Delivery, Recovery and other Specialty Service Rooms • Dressings, Plaster Casts and Splints • Laboratory Examinations • X-ray Examinations • Oxygen • Processing and Administration of Blood and Blood Plasma • Physiotherapy and Hydrotherapy • Electrocardiograms • Electroencephalograms • Basal Metabolism Tests • Intravenous Fluids.

NOTICE TO PRESENT BLUE CROSS SUBSCRIBERS

If you are enrolled through a Group: Your Group leader will receive material necessary for him to get full information. Group changes to the new program will be made on a Group basis only, since it is not possible for some members to keep their present coverage while others apply for the new benefits.

If you pay directly to Blue Cross: Full information will be sent to you on one of your regular Billing Dates. Because of the number of subscribers in the Direct Pay classification, there may be some unavoidable delay in arranging change of coverage.

However, it will not be necessary for any present Blue Cross Subscriber to mail the inquiry coupon below.

IF YOU ARE NOT A BLUE CROSS SUBSCRIBER . . .

Write to Blue Cross and find out in detail how you can obtain these new expanded benefits. Fill out the coupon and mail it today! This applies only to residents of Western Pennsylvania who are less than 65 years of age.

EXCLUSIONS

These Agreements do not cover hospitalization for injuries or diseases for which benefits are furnished or required to be furnished by the employer under any national, state, or local laws, (such as Workmen's Compensation) or by any governmental body or agency, with or without charge; convalescence or rest cures; blood or blood plasma; ambulance service; and (for Non-Group Members) conditions that existed on or before the effective date of the Agreement until after a 12-month waiting period.

May Fellowship Luncheon Friday Has Special Guest

The annual May Fellowship luncheon of the Warren Council of United Church Women will be held in First Presbyterian church at 12:30 p. m. Friday, served by Mrs. Thomas Sealise and her committee. The invocation will be given by Mrs. A. C. Schulz.

For the meeting which immediately follows the dinner, Mrs. Donald Spencer will lead the devotional service, Mrs. Everett Borg will sing, and Mrs. Clyde Watford of

Pittsburgh will speak on the theme "Free Schools in a Free America."

Mrs. Charles B. Kinney, president, will preside.

Mrs. Watford was formerly legislative representative in Washington for the American Baptist Convention and legislative consultant for United Church Women. She has been a member of the Allegheny County Commission for Public Schools; member of the Pennsylvania delegation to the White House Conference on Education; and was a participant in a conference on "Crisis in Science Education" at the University of Pittsburgh.

She has been asked to serve on a panel on the subject "New Dimensions of Learning in a Free Society" at the University of Pittsburgh on May 10th, when Chancellor Litchfield will be installed.

BIRTHDAY SURPRISE

Corydon—Mrs. Donald Sparks was guest of honor for a pleasant birthday surprise party held at her home. The evening was enjoyed with games and a social time and the honored one received many nice gifts, cards, and a birthday cake.

Refreshments were served to the following guests: Mrs. John Burch, Mrs. Fred Davis, Mrs. W. C. Marsh, Mrs. Marshall Gardner, Mrs. Helen Burch and Mrs. Eugene Crooks.

LEAGUE PARTY

The monthly meeting of Hessel Valley Luther League will be held in the church parlors at Chandler's Valley at 8:00 p. m. Friday in the form of a birthday party for all those whose anniversaries fall in the months of January, February, March and April.

Refreshments will be served as part of the evening's activities and the Leaguers are looking forward to a record attendance.

Collecting Band Instruments for Pitcairn Island

Musical instruments for use on tiny Pitcairn Island in the Pacific Ocean made famous by mutiny of crew of HMS Bounty, are being collected this week by members of Seventh-day Adventist church, 611 Fourth avenue.

The collection is in response to a short-wave message received from Pastor Lester Hawks, of the Seventh-day Adventist Church on Pitcairn, where the entire adult population are members of the Adventist church.

According to Pastor Neil of the local Adventist church, the message from Pitcairn asked for used band instruments to replace those lost in the rigors of the island's tropical climate. Members of the church on Pitcairn maintain a church band for religious services and for other special occasions.

Warren church members will send the instruments to church administrative headquarters in Washington, D. C., from which point they will be forwarded to a ship whose course passes the island. Ships call at the remote island very infrequently. Pastor Hawks reports, Islanders have gone without a ship calling at the island for periods of up to three years.

The anchor of the historic "Bounty" was recently recovered from the waters surrounding Pitcairn by Pastor Hawks and Irvin Johnson, master of the sailing ship, "Yankee".

Any residents of Warren who have any used band instruments to contribute to the drive are asked to call Warren 539 or bring the instruments to the church between 9:00 a. m. and 3:00 p. m.

Country Clubbers' Next Activity Set for May 29

With their very successful annual musical evening and lobster dinner in the immediate background, Conewango Valley Country Club members are already looking forward to the Memorial Day dinner-dance to be held Wednesday evening, May 29. Mr. and Mrs. Milton Dahler are co-chairmen for arrangements and will be announcing their plans and committees soon.

Nearly 150 persons were on hand for the musical evening, when the calypso theme was carried out with hats, spring flowers, cruise ship flags festooning the rooms, and the tables gay with boats, ships and hurricane lamps. Puerto Rican souvenirs added another tropical touch.

A dozen or more members participated in the musical program, while a number of others gave impromptu performances that were enthusiastically received.

Mr. and Mrs. R. Pierson Eaton headed the committee, with Dr. and Mrs. A. P. Yerg, Mr. and Mrs. James H. Frantz, Mr. and Mrs. W. Scott Calderwood. General entertainment chairmen for the season are Mr. and Mrs. James H. Kanen.

ACTIVITIES AT FREE METHODIST CHURCH

Wednesday — 7:30, prayer and praise meeting in the prayer room.

Thursday—WMS members will have an all-day meeting at the home of Mrs. Minnie Hughes, 300 Water street, each one to bring her sewing kit and own lunch. A prayer circle will be held in the afternoon. At 7:00 p. m., the Christian Youth Crusade will meet in the Sunday school rooms. This group is under the leadership of Charles Lyons and is fast becoming one of the most active units in the denomination.

Friday—7:30, Oil City District quarterly meeting will convene in Youngville Free Methodist church, presided over by the Rev. L. J. Lindsey, superintendent. Meetings will continue over the weekend, with the Rev. Arthur Zahniser, missionary field secretary, as

guest speaker. Friday will be Sunday School Night; Saturday evening's service will be primarily for youth of the District. Rev. Zahniser will also be speaking at 11:00 a. m., 2:30 and 7:30 p. m. Sunday.

There will be no morning or evening preaching services in the local church on this day, but Sunday school will be held at the usual 10:00 o'clock. All members are urged to attend the Youngville meetings.

Members discussed the smorgasboard to benefit the Fire and

Drum Corps and plans were made for this event on May 4, 5:00 to 8:00 p. m. Mabel Hanson and Lucy Norlander served refreshments and a contest for naming flowers was conducted by Erma Frank.

MIDDLETON-HOFF RITES ANNOUNCED

Dorothy Hoff and Derek Middleton, both of Warren, were united in marriage April 27 in the home of Mrs. Florence Hoff, 1406 Pennsylvania avenue, east, the ceremony having been performed by the Rev. Vincent Rothwell, pastor of Bethel Evangelical United Brethren church.

Following a honeymoon in Canada, the newlyweds will make their home in Warren. The bride is employed by Warren Plastics. Mr. Middleton is a Keystone Garage employee.

Bride of Local Man

Margaret Jane Crawford, daughter of Mr. and Mrs. John Campbell Crawford, Mt. Pleasant, Pa., became the bride of Dr. James Anthony Rock, son of Mr. and Mrs. Anthony Rock, North Warren, in a double ring ceremony performed at 7:30 p. m. April 25 at Shadyside Presbyterian church, Pittsburgh, by Dr. Howard C. Scharfe.

Decorations included lacy ferns

MRS. JAMES A. ROCK

and all-white flowers. Traditional wedding music was furnished by Russell G. Wichmann, organist of the church.

Given in marriage by her father the bride wore a white lace gown which featured a fitted bodice and full skirt, complementing it with lace mitts and short tulle veil. Her bouquet was of white roses interspersed with miniature pink roses.

The bride's sister, Mrs. William Sanders, of Mt. Pleasant, matron of honor, wore a pink lace dress with matching flowered headpiece, and carried white roses.

Dr. Cyril H. Wecht, Pittsburgh, served as best man; ushers were

erett Bowers and Mrs. Dale Skinner.

For a wedding trip to an undisclosed destination, the bride selected a beige linen suit, brown and tangerine accessories, and a cymbidium orchid.

A graduate of Sugar Grove-Farmington High School, she is employed by New Process Company; her husband, Warren High alumnus, is employed by Marlin-Rockwell in Jamestown. They will make their home in Russell.

Hostesses who honored the bride were Mrs. Neva Hagberg, Norma Mills, Eleanor Rowland, Mrs. Fern Himsdale, Mrs. Lorena Glans, Mrs. Chan Ellberg, Mrs. Grace Rowland, Mrs. Lois Babcock, Mrs. Marilyn Rowland, Mrs. Esther Rudolph, Mrs. Ruth Lord, Mrs. Jeannette Abel and Mrs. Betty Hagberg.

MR. AND MRS. STEWART R. VAN ORD

Baskets of white snapdragons, illusion veil fell fingertip length and mums, palms and candelabra from a pearl crown and her dainty holding white tapers, provided a simple setting in Emanuel Evangelical and Reformed church April 27 for the marriage of Kay B. Hutchens, daughter of Mr. and Mrs. Emmet Hutchens of 11 Cedar street, Warren, and Stewart R. Van Ord, son of Mr. and Mrs. Lewis Van Ord, Jr., of Akeley RD 2.

The double ring ceremony was performed at 2:00 p. m. by the Rev. John A. Berger. Raymond Fuhs, organist from Russell, played a half-hour recital and accompanied the vocalist, Mrs. Beverly Littlefield of Frewsburg, whose numbers were "Through the Years", "The Wedding Prayer" and, during the ceremony, "The Lord's Prayer".

Wearing embroidered nylon tulle and carrying an orchid and shower of streamers atop a white Bible, the bride was escorted by her father. The molded bodice of her gown had Saxon sleeves and bateau neckline, scalloped in a lovely floral pattern embroidered with seed pearls and sequins, and the very bouffant skirt was ballerina length and repeated the scalloped design at the hemline. This Type Woman Generally Disrupts Any Family Life

NO woman is a true homemaker who—
Is afraid to cover a chair or choose draperies for a room without consulting an "expert."
Won't let the children make a batch of cookies for fear of the mess they'll make in the kitchen.
Is never truly pleased to open her door to an unexpected guest.
In the name of tidiness throws out a child's treasures and in the name of good taste refuses to let him adorn his room with the things that appeal to him at the moment.
Won't let her children own a pet of any kind because pets are "too much trouble."
Is far more concerned with how her house looks than whether or not it is comfortable.
Doesn't care where her own children are as long as they aren't under foot.

A BURDEN ON HER FAMILY

HATES housework and wants to be sure her husband and children know it.
Can't get along with her neighbors.
Has no ambition to be a good cook.
Doesn't make her children's friends feel welcome.
Doesn't have a smile ready when she sends her family off in the morning and when she greets them at the end of the school and business day.
Discourages hobbies because they "clutter up the house."
Thinks of her home as a show place instead of a shelter.
Hates to see any member of the family ever being comfortably lazy and immediately thinks up a job for that person to do.

The Mature Parent

Girl of 11 Too Old to Be Sent to Bed as Punishment

BY MRS. MURIEL LAWRENCE

SHEILA'S mother was down in the cellar doing the laundry. When she brought it up to hang on the line, she suddenly realized that though Brother's tricycle was still in the yard, Brother was not. To Sheila, in the kitchen munching cookies over a comic, she cried, "Where's Brother? Didn't I tell you to keep an eye on him?"

After 20 minutes of frantic searching, Brother was restored by a neighbor who had found him playing in the puddle around her rain barrel.

As his mother pulled off his soaked socks, she said to Sheila, "Alright, Miss—it's bed for you for the rest of this afternoon. I'll teach you to ignore what you're told . . ."

SHEILA is 11. She is too old to be punished by being sent to bed. What she requires is not a penalty that stops her physical activity but one that arouses the mental kind—a penalty that forces thoughtfulness on her.

As older children have had time to develop the ability to reason, we are foolish not to exercise that ability when we punish them. Mind, I'm not suggesting we should feel guilt when fear betrays us into some vindictive reprisal on a child who has offended us. But after inflicting it, we can always correct it.

Wanting more reasonableness from Sheila, we can reject the unreasonableness in us that sent her to bed. Going upstairs, we can say something like this to her:

"YOU are not a baby and I am sorry I have given you this babyish punishment. You can get up now and come downstairs. But don't ask us again for that 75-cent-a-week allowance. Until you can take better care of Brother when you are asked to, you aren't ready to take care of more allowance."

Never do we suffer for substituting a reasonable punishment to a thoughtless one. It is our example of thoughtfulness that evokes it from the child.

Parents who habitually punish older children by spankings and sendings to bed are overprotective. They depreciate Sheila's power to recognize her own mistake just as they'll belittle her ability to pick out the right spring coat and make her own protest to a teacher.

Their right thinking, their powers, are the only ones that exist to them. It is this egotism that keeps the child irresponsible.

Behind the Scenes Happenings Involving Foreign Aid Affairs

Washington (AP) — It's what happens behind the scenes — the unpublicized activity — that makes it tough to appraise fully President Eisenhower's handling of foreign affairs.

It can be taken for granted that this country, with its ambassadors all over the world and a seemingly bottomless pocketbook, is talking quietly with foreign governments where it can win them

over and away from Russia. Each country's own self-interest comes first, no matter how noble its proclamations. That includes this country. Secretary of State Dulles long ago said American foreign policy is based on "enlightened" self-interest.

Kand Saud of Saudi Arabia and King Hussein of Jordan may be two recent examples of men who have been talked to persuasively behind doors although what was said, if anything, is not likely to be known for years.

Saud was here a few weeks ago and had private talks with Eisenhower. He had been lined up—at least on the surface — with Egypt's anti-Western President Nasser.

Saud and Nasser had one thing in common: Both were hostile to Israel. And the pan-Arabism and Arab nationalism preached by Nasser could, if it worked, strengthen all the Arabs' bargaining position with the rest of the world.

But Nasser, in his anti-Westernism, was leading the Arab world down a dangerous road toward reliance upon Russia. Saud had everything to lose in that direction, including his life and his money.

With the Communists moving in anywhere, a king has no future. And Saud had a lot to lose: 300 million dollars a year from American companies taking oil out of Saudi Arabia, American government money for permitting a United States air base there, and military help that will keep him on the throne.

Since his return to the Middle East, Saud, although he had a conference with Nasser, has done nothing to strengthen Nasser's position. From reports reaching here, he has sided with King Hussein of Jordan.

Hussein was in Nasser's camp too. But he had his crown to lose in a hurry if he persisted in following Nasser and letting the Egyptian steer him clear away from American help.

Jordan needs outside money to survive. And Hussein needs the money to pay his army. He was not getting enough money from Nasser and other Arab countries to accomplish either.

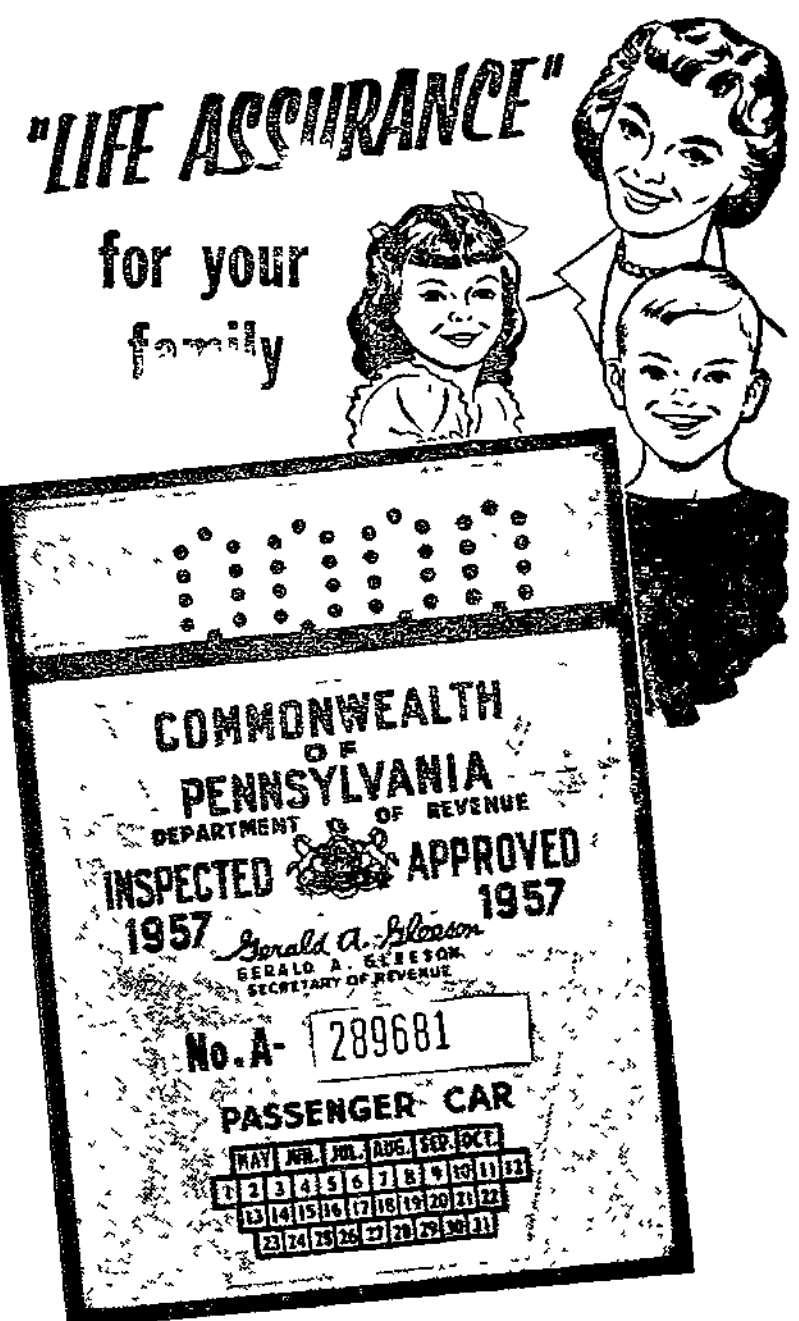

If this keeps up — one Arab state after another thinking of itself in preference to Nasser — the Egyptian may find himself isolated in the pan-Arabic world he wanted to lead.

If that comes true, the Eisenhower administration, using persuasion and American money, will have made a profitable investment.

Journalists And Broadcasters Attend Mental Health Week Dinner At The State Hospital

As a feature of the observance of Mental Health Week and preparation for Open House Day, May 4, a group of area journalists and radio broadcasters were entertained at dinner, Tuesday evening, at Warren State Hospital. Prior to the dinner, the guests from away were conducted on tours of various sections of the hospital.

Ed C. Lowrey, editor of the Times-Mirror, greeted his fellow members of the Fourth Estate and acted as toastmaster, pointing out facts foremost in his mind after 50 years' direct and indirect association with the hospital, and as coroner of Warren county since 1926. He remarked on the change in attitude of newspapers toward mental hospitals over a half century, and mentioned increased cures being effected by these hospitals. He spoke of the training facilities afforded, the nursing program and Social Service. He told his listeners of the great increase in discharges at Warren State Hospital, now 83 per cent of all patients under 60.

Dr. Robert H. Israel, superintendent of the hospital, was introduced by Mr. Lowrey, and the doctor extended a cordial welcome to the visitors and thanked them for their journey, a lengthy one in several cases as representatives came from as far away as DuBois, Meadville and Sharon. "We thank you for publicizing our Open House," said Dr. Israel, "and want you to see for yourselves what you are asking the public to come and see."

There were many questions about the operation and occupancy of the hospital when Dr. Israel asked for comments from the floor. In answer to the question of whether the hospital is overcrowded, the reply was "About twenty-four per cent." It was brought out that "insane asylum" is an unfortunate expression because if people are caused to be frightened of the hospital, they do not enter as early as they should. Dr. Israel stated that the attitude of the press in this section of the state has been conducive to bringing patients to the hospital at an early stage of their illness.

When a question was asked as to whether the mental hospitals will sometime be completely filled, it was stated that old age admissions are making this a possibility.

"What can newspapers and radio stations do to keep people from being frightened of mental hospitals?" was asked. The reply was that this could be helped by telling how many patients get well, and by more frequent hospital releases regarding this.

Other questions revealed that about \$3 per day is allotted for the full care of each patient, including shelter, food, clothing, nursing and medical care; that more Research is done here than at other state hospitals; that more trained psychiatrists is the greatest need at Warren ("You have to be awfully fond of the work because the salary is less than that of a general practitioner"); that 7 per cent of the patients are under 50, 28 per cent over 65; that there are 53 doctors and an average of 880 employees; that there is a most concentrated effort in treatment of early admissions; and that many patients are now interested in reviewing common textbooks.

In closing, Dr. Israel paid a glowing tribute to the Volunteer Workers from Warren and vicinity, emphasizing the work they are doing among the patients at the hospital. He also spoke interestingly of the training classes conducted by Social Service for patients about to go home and for their relatives.

Aiding Dr. Israel in entertainment of the visitors and, in conducting tours of the hospital were the following: Dr. John Urbatis, assistant superintendent; Nelson Johnson, Director of Social Service; Dr. James Suess, senior psychiatrist; Dr. Lockwood Towne, clinical director; Plue Wendelboe, business manager; Pete Scallise, Social Service; Robert Bogart, male supervisor at Admissions Building; Miss Harriett Morgan, director of nurses; Miss Eleanor Nelson, educational director; Mrs. Kathleen Mahaffey, instructor of attendants and Mrs. Edith Keller, psychiatric technicians' instructor. Mrs. George O'Dea was in charge of the registration desk.

Newspaper representatives present were: Jack Shaffer, Meadville Tribune; Mary Bloom, DuBois Courier Express; J. S. Gray, WCED, DuBois; Ed Byrne, Jamestown Sun; Arthur Hoak, WSEE, Erie; Joseph Shatto, Sharon Herald; Richard Coleman, Kane Republican; Connie LaFrance, WNAE, Warren; George Lindgren, Union City Times; Robert Sauber, WTV, Titusville; William Pollard, Youngsville Courier; Rell Hoskins, State Hospital Occasional, and the toastmaster, representing the Times-Mirror.

Sixteen Receive Certificates for School of Criminal Law and Procedure at Local Meeting

Sixteen graduates were honored at the graduation exercises for the School on Criminal Law and Procedure sponsored by the Warren and Forest County Minor Judiciary Association on Thursday, April 25, in the American Legion Home in Warren. The course was approved by the Public Service Institute of the Pennsylvania Department of Public Instruction and ran for a period of twenty-five weeks.

Attorney Samuel F. Bonavita, the instructor for the course, congratulated the class on the successful completion of the course and presented certificates of attainment to the following:

Donnell Allen, Jr., Donnell Allen, Sr., Theodore Allhouse, Frederick A. Berry, Robert Jury, Perry K. Mead, Lois P. Nobbs, C. O. Perrigo, Clayton L. Rhoades, Vincent Sprague, J. Regis Thompson, W. E. Weatherby, A. C. Western, Nathan D. Whitford, Chester Wroblewski, Casper Zinger.

The principal speaker was the Honorable Alexander C. Flick, Jr., president Judge of the 37th Judicial District of Pennsylvania, who spoke on the position of the Justices of the Peace in relation to the Judiciary, and congratulated the class for its perseverance in completing a course of instruction. Judge Flick commended the Justices for their interest in increasing their knowledge of the law and understanding of the functions of their office.

Governor's Higher Education Plan Is Further Explained

County Superintendent of Schools John Mallory Jr., has returned from Harrisburg where he attended a luncheon meeting at the Executive Mansion at which time Governor Leader outlined his proposals for education of Pennsylvania youth beyond high school. The governor has presented to the legislature a four-point program which would (1) create a State Council for Higher Education, (2) provide 5000 scholarships to vary with the need of the student from \$200 to \$800 per year, (3) establish a revolving student loan fund of \$1,500,000 and (4) permit County boards of education or first or second class school districts to establish community colleges.

Mr. Mallory stated he was most enthusiastic over the possibility of the creation of a community or junior college. Such an institution could make use of existing high school facilities during late afternoons, evenings, and summer months. Under the proposed plan the state would contribute \$200 per year per pupil toward the cost of the education program, the remaining cost being derived from student fees. Cost of such a program is approximately \$550 per year per student based upon actual cost experiences of similar colleges in the state.

Establishment of a community college in Warren County would make possible resident study of college grade to many youth not now able to enroll in an established college on a full time basis, Mr. Mallory stated. It would also serve to lessen the ever-increasing cost of a college education by enabling the student to take much of the work of the first two years while staying at home, he said. This is especially significant in the Warren area because the distance to even the nearest four-year college does not permit the student to commute from home.

Opposition

Republican floor leader, declined any prediction on the measure in the lower branch. Other lawmakers figures withheld comment until after the bill is assigned to committee.

Three courses were open to Speaker W. Stuart Helm (R-Armstrong). One would be to send the legislation to the rules committee where the GOP leadership can keep a firm grip on it. Johnson is rules chairman.

Another would be to refer it to the law and order committee whose chairman, Harry A. Naugle (R-Somerset) is on record favoring a showdown on the controversial issue.

A third course would be to assign the measure to a committee whose chairman is flatly against the issue—and thereby increase its chances for death.

Eighteen Democrats and Eight Republicans voted for the horse race measure in the Senate. Against it were 19 Republicans and three Democrats. Two Democrats were absent because of illness.

Leader previously took the position that he was against gambling but that he would not stand in the way of a referendum to sound out voter sentiment on betting at horse race tracks.

But in a statement yesterday he did everything but use the word veto in making clear that he was against the entire proposition.

Other legislative developments: Coal Tax Exemption—The Senate voted 42-6 to spell out specifically the exemption of coal from the 3 per cent sales tax.

School Tax Ceiling—The House voted 115-61 for a plan to allow school districts to impose a per capita tax of up to \$10 under the school code. The present school code limit is \$5.

Absentee Voting—A Senate committee approved a House-passed proposal to amend the state constitution to allow absentee voting in Pennsylvania.

Korean Bonus—A 150 million dollar bond issue to finance a bonus for veterans of the Korean War was approved by a Senate committee in another step forward toward placing the issue on the November ballot.

Wiretapping—The House Judiciary Special Committee sent to the House floor legislation to authorize enforcement officials to tap telephone wires only if they obtain prior permission from the courts.

Exception No. 8 said the auditors failed to record accounts receivable in the Register's office, this sum (said the appeal) to be in excess of \$5,000.

Exception No. 9 appealed the auditors' failure to include an itemized report of funds received by probation officers and disbursement thereof. This is a relatively small sum.

Exception No. 10 excepted generally to any and all items in the 1956 auditors' report and asked that an amended (itemized) report be filed with room left for commissioners to take exception to the new figures.

The decision now rests with Judge Flick.

County commissioners are Blain Mead, Lewis Crippen and L. L. Johnson. They are questioning reports of county auditors Charles Briggs of Garland, Merrell Jordan of Warren and Ralph Summer-ton of Tidouet.

Register and Recorder, and Prothonotary determine their salaries by subtracting office expenses from gross operating income. Of this the next \$5,000 is theirs and any extra is split 50-50 with the county. County commissioners receive an annual salary of \$3,600 plus a little here and a little there from their acting as overseers of various county funds such as Rouse, Sheriff and his chief deputy receive relatively low fixed salaries, have these boosted by hourly rates for investigation as provided by law.

Another running fight exists between Treasurer Robert Ritchie and the commissioners. Commissioner Crippen said even with rising expenses the treasurer is not to be allowed to have the same percentage of county expenditures which he received last year and Mead voted with him. Auditors have disagreed with this, and the same rate as last year to be equitable. Disagreement between the auditors and commissioners must be settled by the judge if no agreement can be reached. Treasurer's pay is well under register and prothonotary.

Funeral Information Will Be Found Under Another Heading

MERRITT BAKER

Relatives in this area have received word from Westerville, O., that Merritt Baker, former resident of Lottsville and Sugar Grove, died suddenly Saturday afternoon while in the office of a physician whom he had gone to consult.

Mr. Baker was born in Jamestown, 65 years ago, but spent his early life in Warren county, and lived in Washington, D. C., for a time before going to Westerville.

Surviving are his wife, Mary Cooper Baker, and two daughters; also his mother, Mrs. Sherman, who lives with a daughter in Fredonia.

Funeral services were held today in Westerville and interment was made at that place.

Would Place a Ceiling On State Employees

Harrisburg (AP)—A ceiling of 50,000 would be imposed on the number of state employees under legislation reaching the Senate last night.

Sen. John C. Miller (D-Beaver) said his plan was designed to save "a considerable amount of money" without cutting efficiency.

There are now about 65,000 workers on the state payroll. The Miller bill would permit the ceiling to be increased only upon approval of the Legislature.

G. O. P. House Officials Agree on Fish Licenses

Harrisburg (AP)—Rep. Robert Breon (R-Centre) today reported a compromise agreement among top GOP House officials on a 50 cent fishing license increase to make the annual fee \$3.00.

At first Breon said the agreement called for a \$1 increase but he later corrected that to 50 cents. He is the sponsor of a \$4 license bill pending several months before the House fisheries committee.

Breon said the agreement was reached with Rep. Clarence G. Stoner (R-Cumberland), chairman of the Fisheries Committee now considering all license increase legislation, and in the presence of Rep. Allen M. Gibson (R-Warren), assistant GOP floor leader.

Lucky Comet Saves Two Tidioute Boys As Speeder Crashes

Two Tidioute youths are thankful for their lucky comet today for their lives.

The pair of 18-year-olds were coming north on Route 62 last night just a mile above Tidioute at a speed which troopers called "highly excessive" and was probably close to 100 miles per hour.

Driver Russell W. Lynch, 18, of Tidioute, lost his 1957 Ford sedan on a curve and traveled 100 feet along the berm before the machine ripped through cement posts and guard rails, rolled over and was demolished. The vehicle had 1500 miles on it.

Lynch had a bruised nose and passenger, Kenneth Dunn, 18, of Tidioute, sustained a right ankle injury. Both were treated by Dr. M. Buckingham at Tidioute.

The accident occurred at 10:45 p. m.

Another vehicle was called a total loss after a one-car accident at 3:45 p. m. yesterday on Route 62 a mile west of Ludlow.

Troopers said Hugh Rockwell, 18, of Sheffield, was going west on Route 6 when his car failed to negotiate a curve, bounced over and back across the road, hit an embankment and rolled over.

His 1950 Plymouth was considered a total loss. Rockwell was not injured.

Both one-car mishaps happened as drivers could not maintain the highway after curves leading onto straight-a-ways.

Catholic Youth Officers

In the above Timesphoto are the new Catholic Youth Council officers elected this week. Left to right: Gilbert Hanson, treasurer; Joseph Masci, president; Kay Walters, vice president; Jean Massa, secretary.

Permanent officers elected by the Catholic Youth Council for the coming year are Joseph Masci, president; Kay Walters, vice president; Jean Massa, secretary; Gilbert Hansen, treasurer. With their announcement comes the following report of the election session:

Campaigning for each candidate, which preceded the elections, resembled the most colorful and ardent ever witnessed at a national political convention. Each candidate was presented by nomination speeches, waving posters, original campaign songs, and skits. The

demonstrations that followed the nominations were roof-raising and added to the excitement of the evening.

After the initial proceedings the members then seriously considered the abilities and qualifications of each candidate presented for office and voted for their choices on closed ballots.

The results of the elections were warmly received by the entire membership and the demonstrations that followed indicated that the officers elected will have the backing of all the members.

PLANNING COMMITTEE

All members of the Memorial Day committee are asked to be in attendance for another planning meeting at 7:30 this evening in the VFW post rooms.

LOSES KEEPSAKE

An East Side resident asks a hand in locating black rosary beads believed lost in the Liberty street vicinity. The date 1918 appears on the back of the cross and it is hoped the keepsake may be found. Information may be called at 2743-WV.

LIGHT FROST

A light frost blanketed the area early this morning as balmy temperature of 70 yesterday afternoon slipped to a low of 30 during the night, according to weather observer Jim Roer. However, no damage to budding fruit trees is expected.

SOCIAL SCIENCE

"From Pup Tents to Motels" will be LeRoy Schneck's topic for the monthly meeting of Social Science Club at 8:00 p. m. Saturday at the Woman's Club. Hosts for this session will be Leon Lasharis, Dr. John W. Lasher, Louis and, E. E. Lundquist, H. L. MacBride, William R. MacBride and Raymond Marti.

JOINT VISITOR

Grand Counselor Robert R. McLaughlin, with a group of members from Indiana Council, will be special guests at the meeting of Warren Council, United Commercial Travelers, at 7:30 p. m. Saturday in the IOOF hall in Hickory street. The Jamestown Degree team will exemplify initiatory work, and the social committee has planned a special lunch.

OPEN AIR SERVICES

In Warren tomorrow for three open air services throughout the business district will be light Cadets from Salvation Army's main training center in New York City. They will arrive from DuBois as the group makes swing through eight Northwestern Pennsylvania towns. Capt. Larry Burdick says open-air meetings will take place at noon, 6:30 a. m. and 7 p. m. The group also plans a meeting at Rouse Home at 2:30 p. m. and a final evening evangelism service at 7:30 p. m. The men will travel from Warren to Titusville.

MARINE MEETING

Every member of General Joseph Middleton Detachment, Marine Corps League, is asked to attend the meeting to be held at 7:30 p. m. Thursday in the VFW post rooms. Further details will be worked out for participation in Memorial Day exercises, a membership report will be presented and other important business transacted. All new members are specially urged to be present. Board members of the detachment will hold a brief session this evening, following the Memorial Day committee session in the post rooms.

AME LICENSE EACH YEAR

Pennsylvania motorists will receive a new type "semi-permanent" license plate beginning next year. Gov. Leader has detailed the change which calls for issuance of a new aluminum plate every five years with a small date tab to be attached yearly. The governor estimated the change, first major revision in Pennsylvania's registration system in 51 years, should save the state about \$270,000 a year over the first five-year period. Each driver still will receive a one license tag, for the back of the car, and each will continue to pay the same registration fees every March 31. The changes will be made by executive order without further legislation.

Teen-Agers Are Urged to Sign Up Early For Road-Eo May 18

May 18 is the date set for Warren Area Teen-Age Road-E-O, Bill Dyke, chairman of the Jaycee event, said today.

All teen-age boys and girls, who hold a driving permit or license are eligible to enter this safe driving event. First place winner, in addition to receiving a cash

will take part in the National Road-E-O July 25-29 in Washington, D. C. to compete for \$4,500 in scholarships. The national contest is sponsored by the U. S. Jaycees, Liberty Mutual Insurance Companies, Chrysler Corporation American Trucking Associations, Inc. and Pure Oil Company.

Dick Swick, sub-committee chairman, announced that application blanks and detailed information have been made available through the driver education instructors in all area high schools. Teen-agers are urged to contact Jim Springer or LeRoy Peck at Warren High School, Bob Grosch at Eisenhower, Bill Beuchner at Youngsville, Jim DeRubies at Sheffield, and Fred Barr at Tidioute, for application forms.

These men have spent considerable time and effort in helping the Jaycees set up this year's Road-E-O, and have set tentative plans to administer the written examination on Tuesday May 14, in various high schools.

In addition they have agreed to work with the local winner prior to state finals so that this boy or girl can be fully experienced to compete with state winners.

Chairman Dyke reminds: Get your applications early, get in on this and urge all your friends to do the same. Remember, the trophy will make the winner's high school a fine display piece and the more who participate from your school the better the chance of victory.

Telephone Operator At Sugar Grove Has Resigned Her Post

Sugar Grove — Mrs. Orlo Bartholomew, who has operated the telephone exchange here for nearly two years, has resigned effective May 15 and, with her husband and son, will return to her home at Kimball Stand, N. Y. She will be employed in the Falconer Branch of the Chautauqua National Bank. The family has made many friends here, she has given excellent telephone service, and the community regrets their leaving.

County Seniors To Take Scholarship Examinations

Thirty-two Warren County High School Seniors are scheduled to take the State Scholarship examination to be given at Warren High School Friday. The examination is prepared and scored by the Credentials Evaluation Division of the State Department of Public Instruction, and administered by the County Superintendent of Schools.

The Warren county student placing highest in the examination will receive a state scholarship of \$200 per year for four years. The scholarship may be used at any college or university in Pennsylvania that is approved by the State Council of Education.

Last year the scholarship was awarded to David Douds, North Warren, who is presently enrolled in Carnegie Institute of Technology. The previous year Mary Jane Burgett of Russell was the recipient. She is attending Thiel College in 1954, the scholarship was awarded to William Covell, Pittsfield.

County Has New Acting Chief Tax Assessor

John Nicholson, 25, of 313 Liberty street, has been named by County Commissioners to the post of acting chief tax assessor for Warren County. John assumes the position occupied by Frank Miller who is now convalescing at home from a heart attack. The new tax assessor is the son of Mr. and Mrs. L. N. Nicholson, 204 McPherson street.

He attended Warren High School and Penn State, has worked for the past several months with "Hank" Fuelhart on the county mapping program. Married to the former Lucille Green, John is the father of a three-months-old daughter, Pamela Sue.

PICTURE NEWS

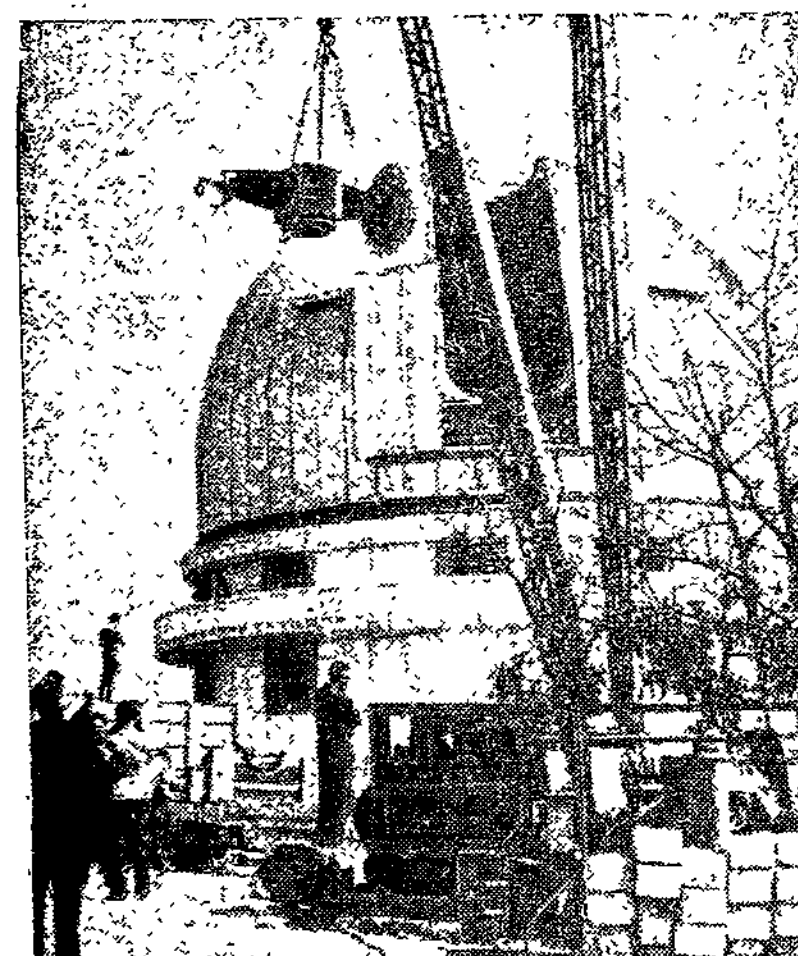

AROUND THE WORLD

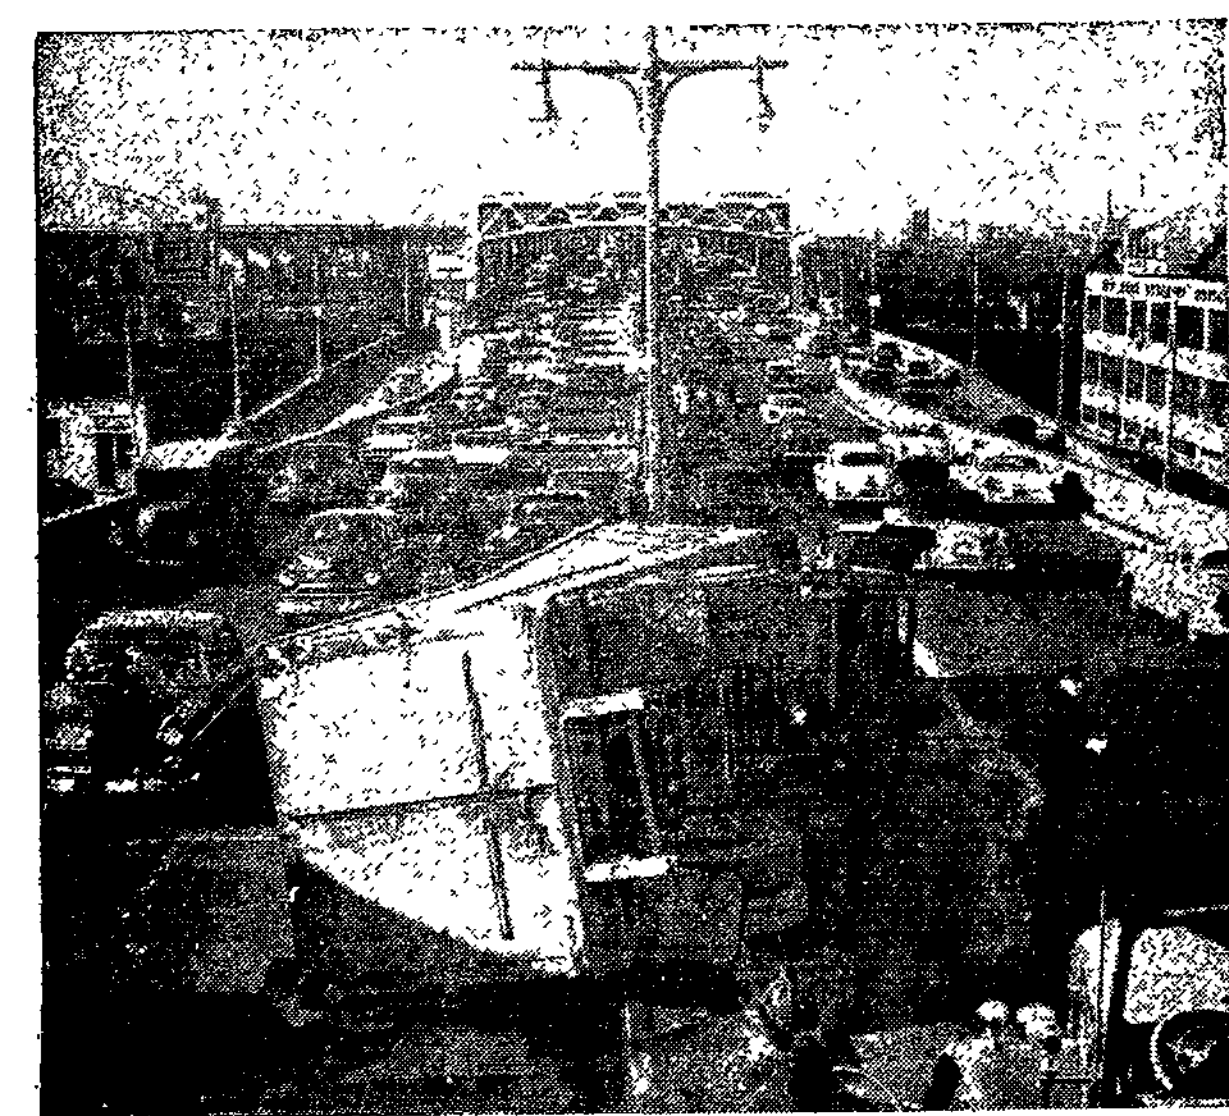

ONE, TWO, THREE—The cement flowerpots in West Berlin are very heavy, and these workmen are struggling to get one in place on the Kurfurstendamm, in the British sector. The spring planting is a rough chore for the street gardeners.

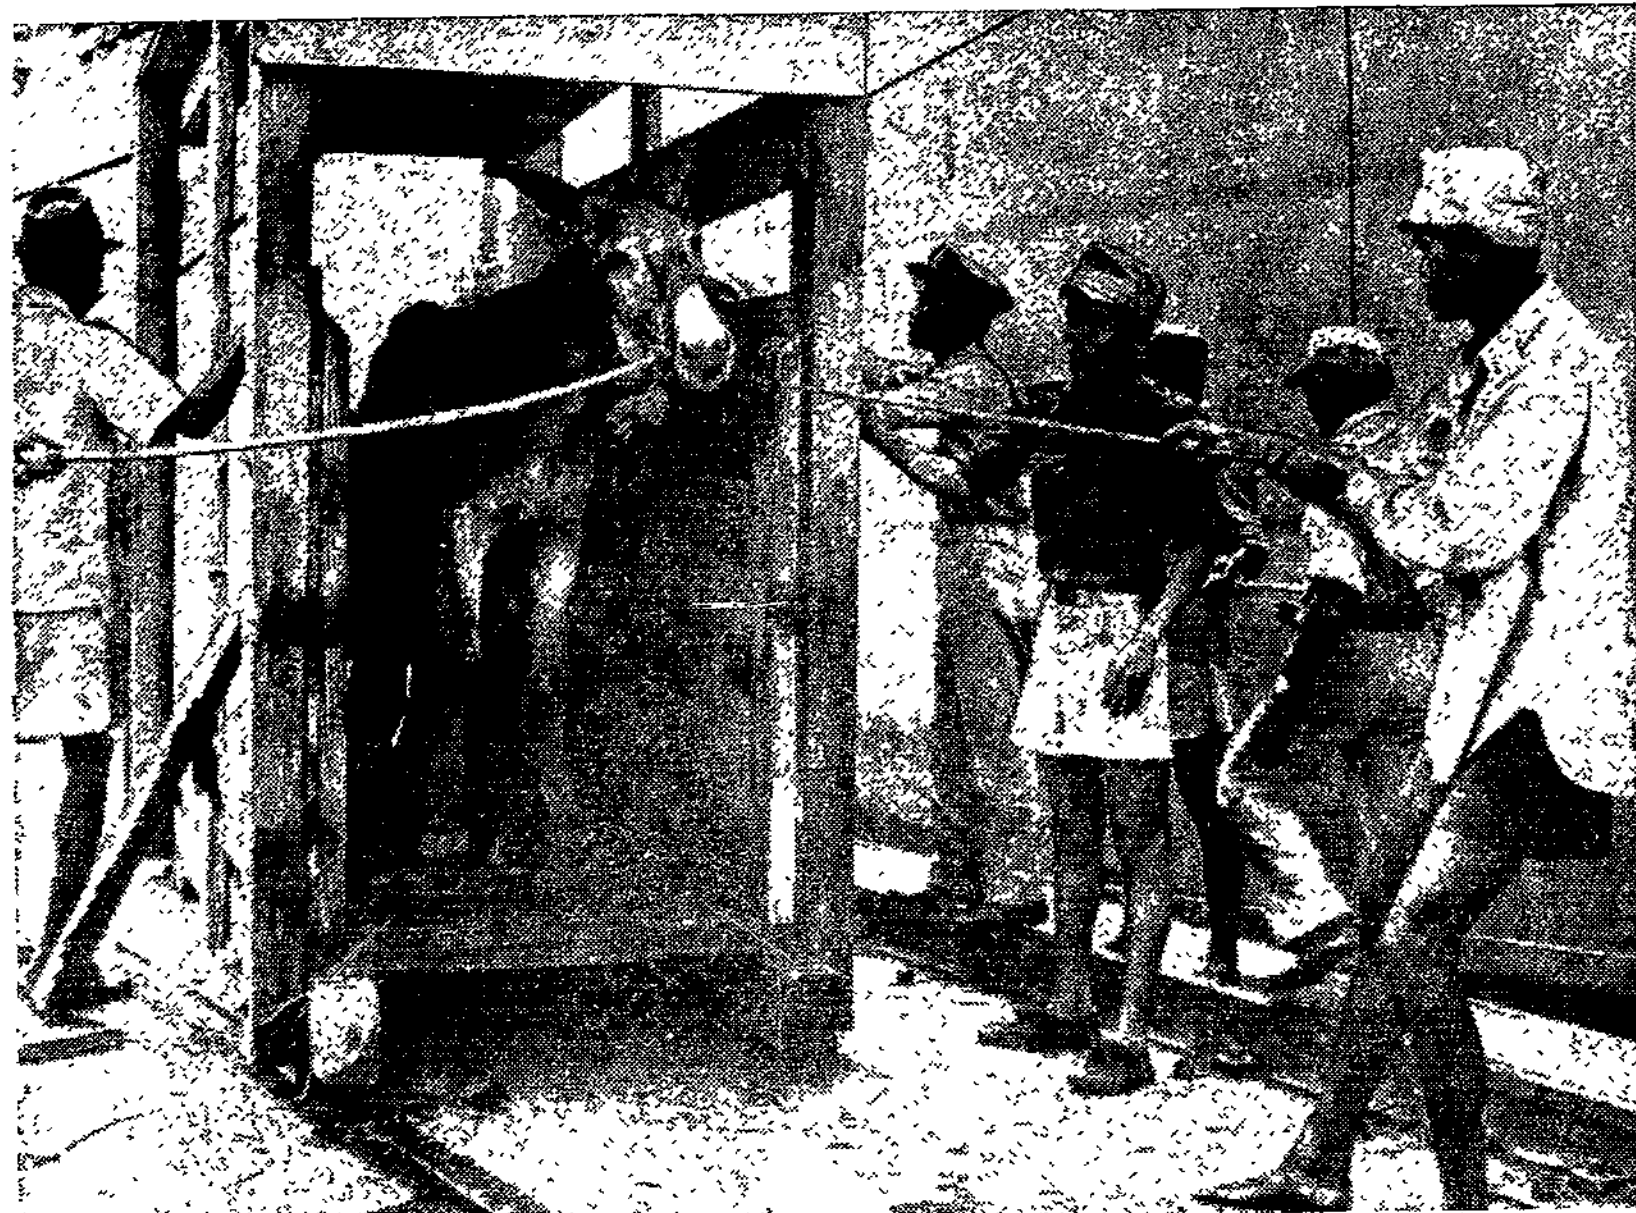

WHO DAT?—Why, if it isn't a baby seal trying to poke its nose right into the camera at a zoo in Stockholm, Sweden. Officials at the zoo where this three-week-old mammal was born were not sure, but they had some reason to believe it was the first seal ever born in a zoo.

FOR SEEING STARS—The aluminum dome of the new observatory at St. Michel de Provence, in southern France, is open to receive the massive main axle of a telescope. When completed, the telescope will rank second in size only to that at Mount Palomar, Calif. Its mirror weighs 3,000 pounds.

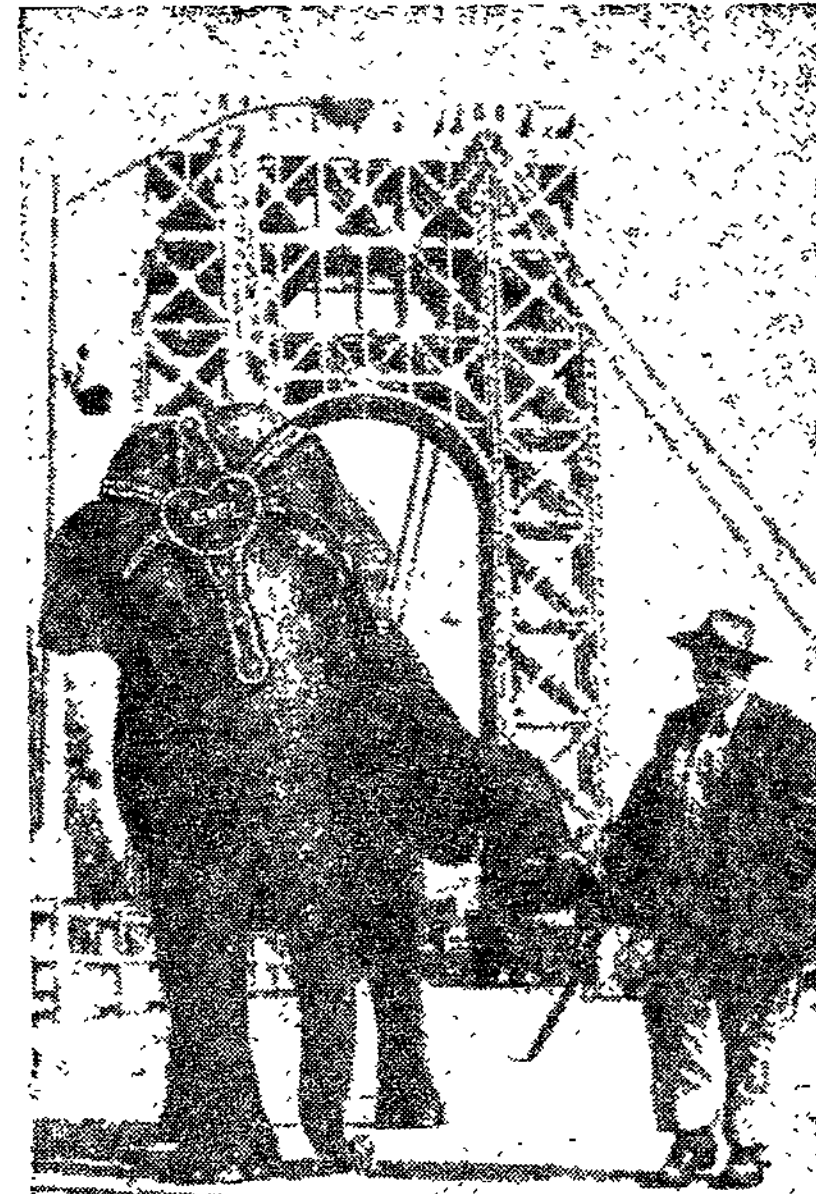

TO ONE SIDE—Policemen in the Bronx, N. Y., are diverting traffic around an overturned trailer truck after the vehicle flipped on an approach to the Triborough Bridge, in background. This caused an early morning traffic bottleneck and work to remove the truck wouldn't be done for several hours as it would have delayed autos even more.

TRUE TO TRADITION—When that mule planted its feet firmly and refused to come out of its stall after being unloaded in Bangkok, Thailand, those Thai soldiers discovered its stubbornness for themselves. The animal was one of the 50 shipped from the U. S. as part of the military aid program to build up Thai Army pack units.

DOTTED — A dainty shepherdess dress spices a little girl's wardrobe through spring and summer. The polka-dotted cotton fabric of the jumper, which requires little ironing, is teamed with white organdy and lace that lends a blouse effect to the bodice.

DANCING LADY—Jewel, a circus elephant, seems to be doing a rock and roll step for trainer Capt. Roy Bush as they cross the George Washington Bridge. They were heading from Manhattan to Palisades Park, N. J., across the Hudson River, where Jewel and other animals were appearing in a circus.

WHEELCHAIR COWBOY—But only for the moment because actor Hugh O'Brian, who is the famed "Wyatt Earp" on TV, is usually on a horse. O'Brian was visiting Children's Hospital in Washington, D. C., and showed off his wheelchair skill for patients and nurses. He had learned it in the interest of acting realism for a role he once played.

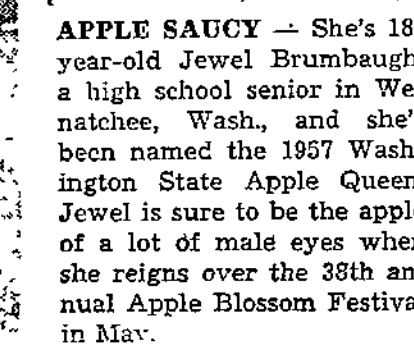

SEEING IS BELIEVING—When its owner abandoned this young alligator at a bar—of all places!—in Detroit, Charles Eads took a gander at the 'gator, and named it Elvis. The reptile is almost four feet long and was reason enough to make bar flies think they were "seeing things."

IT CIRCULATES—Pedestrians in Warsaw, Poland, are inspecting a display of secondhand books on a street corner. The library is mounted on a modified bicycle and the seller can wheel his wares from place to place in the city.

NOT TOO PLEASED—It's well known that parting is sweet sorrow, but so is arrival, judging from the scowls on the faces of Michael and Christopher Wilding. The small sons of actress Elizabeth Taylor and actor Michael Wilding had flown from Hollywood to join mother in New York, bound for Europe.

APPLE SAUCY — She's 18-year-old Jewel Brumbaugh, a high school senior in Wenatchee, Wash., and she's been named the 1957 Washington State Apple Queen. Jewel is sure to be the apple of a lot of male eyes when she reigns over the 38th annual Apple Blossom Festival in May.

NINE AT ONCE—The nine children of the Geza Walters family of Milwaukee, Wis., were baptized together at the Immanuel Evangelical and Reformed Church. The Rev. John Heinbuch, left, named the children whose ages ranged from eight months to 15 years.

'Operation Shrub' Planned For Island Park On May 14th

At their regular dinner-meeting last evening in the Methodist church dining room, Youngsville Kiwanis Club members set May 14 as the date for "Operation Shrub", their annual project for refurbishing Island Park. Members will go to the park immediately following their regular dinner hour.

There were 36 members and one guest in attendance at last night's meeting, with the Rev. J. N. Holder, Methodist minister, giving both the invocation and benediction.

Charles Seekings was unanimously elected vice president to fill a vacancy created by resignation of Waide Ingols.

President Don Abraham reported on his trip to the state convention of Kiwanis-sponsored Key Clubs at ohnstown, where Jim Brown and Tom Walters, of Youngsville High Key Club, were among 700 youth attending.

Board members were reminded of their meeting to be held tomorrow evening at the home of Carl Campbell.

Program chairman for the evening, Vern Hull introduced as guest speaker Attorney S. Knox Harper, of Warren, who gave a fine talk on "Legal Aspects of Segregation", and conducted a question and answer period.

Gilbert Anderson presented the Kiwanis pin and folder of club literature to Tony Aiello, new member.
